

HOUSE VOTES FOR EXCLUSION OF JAPANESE!

ELK STREET RESIDENTS IN PLEA

Planning Commission Urged To Reserve Section For Apartments

The question of setting aside the property on East Elk avenue between Louise street and Glendale avenue as an apartment house district occupied the attention of the city planning commission at the regular meeting held last night at the City Hall.

All members were present, with President T. W. Watson presiding. P. J. Hayselden occupied the secretary's chair.

No opposition has developed to the move, and all who spoke were in favor of the change. Among those who appeared before the commission were O. W. Tarr, P. W. Parr, G. E. Tennant and W. R. Fearn. It was stressed that the property on Elk avenue, in some instances valued at \$200 per front foot, was too valuable to permit the construction of private residences.

Withhold Decision

The commission did not give a decision last night, taking the matter under advisement. As the lots on the north side of Elk avenue do not extend through the whole block, the commission had some doubt, according to Secretary Hayselden, as to the wisdom of allowing buildings to be constructed clear out to the present line, with a view of leaving a small depth to permit of widening the avenue at some future date, if deemed advisable. It was the opinion of some of the commissioners, he stated, that with apartment houses erected and the numerous churches in that vicinity, traffic would be heavy in this district, and as Elk avenue is only 36 feet wide from curb to curb, it would possibly have to be widened. The commissioners will make a personal visit to the property before making their decision.

The secretary was instructed to communicate with O. M. Newby, asking that a report be made on April 18 on the progress being made toward the widening of West Broadway from Central avenue to San Fernando road. At the request of the residents of this sector, action is being urged for the widening from Central to Pacific have already been circulated, and an effort is being made to have the work extended through from Pacific to San Fernando road at the same time.

Arrest U. S. Novelist On Charge of Fraud

LONDON, April 12.—A man described as John Wesley De Kay, "wealthy American novelist," was arrested today, charged with fraud. He said he had previously written for President Coolidge offering to return to the United States if granted amnesty for books he had written against the war, but his request was refused.

CLEAN HOLLYWOOD

LOS ANGELES, April 12.—City Council will consider today the proposal to keep during the fiscal year laborers and team owners recently employed in the Hollywood district. This is asked in order to keep up with the sweeping and clean-up work in Hollywood.

Pre-Easter Church Services Planned During Holy Week

Every noon through Holy Week except Saturday a pre-Easter service is to be held from 12 to 1 o'clock in the Glendale theatre on South Brand boulevard, under the auspices of the Glendale Ministerial association.

Prominent preachers have been secured to give the messages and each day Paul Carson, organist, will give an organ prelude, and music will be furnished by the various Glendale churches. The speakers will be: Monday, Dr. Hugh K. Walker of the First Presbyterian church of Los Angeles; Tuesday, "Fighting Bob" Shuler; Wednesday, Dr. H. C. Culbertson of Plymouth Congregational church of Los Angeles; Thursday, Rev. M. Howard Fagan of the Wilshire Christian church; Friday, Dr. James A. Francis of the First Baptist church of Los Angeles.

Complete Program For Easter Sunrise Service On Mount Forest Lawn

Easter morn, a week from tomorrow, in Glendale will begin with a wonderful sunrise service on Mount Forest Lawn in Forest Lawn Memorial Park, and it is anticipated that people will come from all parts of the southland to participate in this hilltop gathering.

The service has been arranged by the Glendale Ministerial association in co-operation with Community Service, and announcement was made this morning of the program, which is to begin at 5:14 a. m., and to last not over fifty minutes.

The program is outlined as: "Holy City," Glendale Symphony orchestra, with cornet solo by L. E. Wilbur. Chorus singing, "Unfold, Ye Portals," accompanied by the orchestra.

Invocation, Rev. J. H. Livingston, president of the Ministerial association.

Solo, "Hosannah" (Green-ler), by Madame Constance Balfour.

Reading, Van Dyke's "God of the Open Air," by Frederick Warde.

Address by Dr. R. B. Von Kleinsmid.

INVESTIGATE ACTIVITY OF KLAN

Four Charged With Forcible Entry of Woman's Home; Threats Are Made

POTTSVILLE, Pa., April 12.—Ku Klux Klan operations in this district were the subject of several investigations today following the remarkable story told to Alderman Davis by Mrs. Clara Frantz of Tamaqua, as the result of which four Shamokin men were charged with forcible entry of Mrs. Frantz's home.

In her story Mrs. Frantz declared her home was invaded by the four men—Lee Miller, William Anderson, Guy Klinger and Francis Widesmith—garbed in Ku Klux Klan hoods, and an attempt made to discipline her for alleged misconduct with Howard Ware, a neighbor.

Charges Intimidation Failing to get a confession, she said, they blindfolded her, took her into a woods four miles away and by exhibiting a noose, a blacksnake whip and revolvers, they tried to terrify her into admitting indiscretion.

The Shamokin men claim the case is one of mistaken identity.

Youth Tells Acts Of Hooded Band

CANTON, Ohio, April 12.—Lloyd Shaw, 22, Canton youth, who was brutally beaten and horsewhipped Wednesday night by a masked band in a woods near Massillon, today broke down and told authorities here a hair-raising tale of how he had been trussed up to a tree and a knife brandished over his body as his captors threatened to perform a serious operation upon him for refusal to join the prett 23-year-old wife of Robert Webb.

PUT EMBARGO ON CALIF. PRODUCTS

Colorado Bans Importation Of Food, Shrubs, Cattle In War on Plague

DENVER, April 12.—Because the foot-and-mouth disease, said to be prevalent in California, is "destructive, highly contagious and easily transmittable," a ban is effective today in Colorado against foodstuffs, shrubbery and live stock from California.

The embargo was ordered in a proclamation issued by Governor Sweet in an effort to prevent the disease securing a foothold in this state. All live stock at the local stock yards is under careful guard by federal and state inspectors. Definite reports on numerous inoculations made upon the live stock here are not expected until Monday, it was announced today.

WEATHER FORECAST

WASHINGTON, April 12.—The weather bureau today issued the following weather forecast for next week: Pacific states—Probably fair in Southern and Central California and occasional rains elsewhere. Temperature near normal.

FOR WOMEN ONLY

SAN PEDRO, April 12.—Indications are that faces will be more in evidence than ever this season. Seventy-five tons of talcum powder were in the holds of the Horace Luckenbach as she left Los Angeles harbor for east coast ports.

Davis Discovers Origin Of Livestock Epidemic

To Councilman Sam Davis of Glendale goes the credit for discovering the origin of the foot and mouth disease, which has caused drastic measures for its control to be taken in Los Angeles county.

The Glendale councilman, realizing how far reaching the effects of the malady would be if allowed to spread, concentrated his efforts on ascertaining the source of the trouble while others devoted their time to checking the spread of the epidemic.

After considerable research and study, he made his announcement last night, and consternation as the result of his discovery has reigned in certain quarters of the county.

As a result of his investigations, he is able to announce, he states, that the foot and mouth disease originated with golfers. Why? "They foot it all day and mouth about it all night." Laugh that one off.

"BEN, BEN, BROTHER BEN, SHOT AT A CROW AND HIT A HEN!"

WOMAN KILLED IN FALL FROM ROOF

Niece Summons Police When Aunt's Body Crashes In Street Below

LOS ANGELES, April 12.—While her niece lay sleeping in an adjoining room, Mrs. Serinda G. Seegmiller, 39, said to be a member of a prominent Salt Lake City family, walked to the roof of a five-story apartment house in California street early today and either fell or jumped to her death in the street below, according to the police. The woman's body was discovered by the niece, Miss Ruth Seegmiller, after awakening and missing her aunt from the room. First she called the police but before they arrived looked out of the window and saw the body.

Mourned Husband

According to the police report Mrs. Seegmiller is believed to have taken a chair from her apartment to the roof, and with this climbed to a four-foot parapet from which she either jumped or fell. Mrs. Seegmiller is said to have been a recent arrival in California and had been despondent over the death of her husband a few months ago. An inquest will be held over the body.

WHITNEY TO FILE ANSWER TO SUIT

Dancer Asks \$1,000,000 Heart Balm In Court At San Francisco

SAN FRANCISCO, April 12.—Cornelius Vanderbilt Whitney, son of Harry Payne Whitney, multi-millionaire, was directed in a subpoena issued today by Judge Walter Perry Johnson to answer in deposition on May 2, the million dollar heart balm suit filed here by Miss Evan Burrows Fontaine, Broadway beauty and dancer. Whitney, as president of the Metals Exploration company, has offices here and lives in Burlingame. In suing for breach of promise, Miss Fontaine alleges Whitney almost daily from April 1, 1919, to October 28, 1920, promised to wed her, but failed to do so. A suit filed in Amsterdam, N. Y., was dismissed.

EDUCATOR DIES

LONDON, April 12.—Arthur Lionel Smith, master of Balliol college, died today.

Claims Tax Slash By Mellon Means Treasury Deficit

WASHINGTON, April 12.—Federal taxes will be slashed \$434,720,000 next year, creating a treasury deficit of \$50,989,444 under the tax revision bill carrying the Mellon rates and adopted by the Senate financing committee, Senator Smoot, Republican of Utah, chairman, reported to the Senate today.

There is only \$11,550,000 difference between the tax cut of the Senate bill and the Longworth compromise bill adopted by the House.

ARREST GREEK AS MURDER SUSPECT

Admits Being Near Kenneth Where Pretty School Girl Found Slain

FAIRFIELD, Cal., April 12.—John Kopolos, 27, a Greek, who, according to the sheriff's office, admits he was in the vicinity of Kenneth last Saturday, was held here today in the county jail pending the arrival of Shasta county authorities who wish to question him concerning the brutal murder of pretty Olea Hamlin.

Hatless and coatless, his shoes torn to tatters and his feet blistered, Kopolos was arrested by deputy sheriffs after a struggle, when found eight miles from here. He said he was weak from lack of food. According to officers he r used to make any admissions other than that he had been in the vicinity of Kenneth and had walked from there. He said he had thrown his hat and coat away "because it was too warm." A hat and coat were found by Shasta county officers in the vicinity of the spot where the school girl was murdered.

Wood to Carry Out Philippine Policy

MANILA, April 12.—Governor-General Leonard Wood today denied reports published in the United States that he would resign if not supported in his policies by Washington authorities. "I am here to carry on the policies of the Washington government," Governor Wood declared, "and I do not intend to quit until I'm through."

BONUS BILL VOTE IS UP TO SENATE

Finance Committee Reports Measure Favorably; Add Women to List

WASHINGTON, April 12.—The soldiers' bonus bill was favorably reported to the Senate today by the Senate finance committee. The bill, as reported, was practically identical with that passed by the House, providing for paid-up insurance policies to world war veterans in lieu of cash.

The principal difference in the two bills was an amendment adopted this morning, including 11,000 women who saw service as yeomanettes within the provisions of eligibility.

100,000 Ship Workers Are In British Lockout

LONDON, April 12.—A national lockout of shipping employees involving 100,000 men went into effect early today. The dispute arose over wages. Special police forces are guarding the docks and warehouses in the principal ports.

Personal Mention

Mr. and Mrs. B. W. Sherwood have moved from 417 West Myrtle to 957 Coronado Drive.

Mrs. Roy McCracken of Lancaster was the over-night guest last night of Mrs. C. M. Pomeroy of 622 North Louise street.

Mr. and Mrs. L. A. Henry recently moved from 317 East Wilson avenue to 325 North Verdugo road.

Miss Alice Foulke of the city schools will spend the coming week of vacation in San Luis Obispo, where she will be a guest of friends.

Mrs. Ed M. Lee of 345 North Belmont, street entertained as luncheon guests yesterday Mrs. R. W. Lee, Mrs. Ed Wormouth, Mrs. W. E. Lee and Mrs. Frank C. Weller, all of Glendale.

Mr. and Mrs. W. N. Bott of 108 East Elk street had the pleasure of entertaining as their guest for a few days this week their daughter, Mrs. Roy Smith of Palo Alto. Mrs. Smith will be remembered as Miss Helen Bott.

Mr. and Mrs. E. O. Fitz of 1322 North Louise street entertained as dinner guests last night Mr. and Mrs. U. C. Nye of Phoenix, Ariz., Mr. and Mrs. A. L. Funk of Tulsa, Okla., and Mr. and Mrs. W. F. Witz of Manson, Iowa.

Mrs. Kate Drug of 309 North Belmont street was pleasantly surprised last Tuesday when over twenty friends called at her home to participate in the celebration of her birthday anniversary. She was the recipient of many lovely gifts, flowers and other tokens of love from her many friends.

Mrs. Lydia W. Elliot of 353 Oak street had a very pleasant surprise yesterday when her cousins, Otis Williams of Wilmington, Ohio, and Edgar Williams of Riverside called to see her. This was the first time in forty years Mrs. Elliot has seen the Messrs. Williams since they were young people together.

Miss Dorothy Cotton of 1202 East Colorado boulevard left this week for San Francisco with a party of women students of University Southern Branch. The party made the trip by motor and will remain until the close of the convention to be held at Berkeley for the Women Students' Athletics Association.

DEATHS - FUNERALS

MICHAEL DROHAN
Michael Drohan, of 1129 North Louise street, passed away Thursday, April 10, 1924, at the age of 72 years. He is survived by his wife, Mrs. Anna Drohan. Funeral services will be held in the chapel of Robinson & Adair, 817 West Sixteenth street, Los Angeles, Monday afternoon, April 14, at 2 o'clock. Interment will be made at Forest Lawn mausoleum, where services will be conducted under the auspices of Glendale Lodge No. 1239, B. P. O. E., at 3 o'clock.

F. B. FISHER
Word has been received of the death yesterday of F. B. Fisher, who passed away at his home in Vancouver, Wash., Friday morning, April 11, 1924. Mr. Fisher had attained the age of 89 years and 6 months at the time of his death.

The deceased was well known in Glendale, having lived here for a number of years with his daughter, Mrs. J. E. Howes, of 1945 Fourth street. His pleasing personality won a great many friends for him in Glendale. He was a Civil War veteran and member of the G. A. R. of Alden, Minn.

IRVING T. GILLESPIE
Irving T. Gillespie, 29, of 124 South McClellum street, Tuljunga, passed away April 12, 1924, at his home.

By occupation a lumber salesman, he had a wide circle of acquaintances and friends in the Verdugo Hills district. He was born in Grand Rapids, Mich., and formerly resided in Los Angeles. He was a member of the Grand Rapids post of the American Legion, serving in the air service of the Twenty-sixth division during the war.

In addition to his widow, he is survived by a 17 months' old son, Terrence. Funeral arrangements have not been completed, and will be announced later by Kiefer & Eyre.

SOCIAL EVENTS

Hosts At Dinner
Mr. and Mrs. W. E. Lee of 1015 East Lexington drive entertained with a dinner party at their home Thursday night.

Artistic arrangements of yellow flowers were used in profusion in decorating the rooms for the occasion. Place cards and other table appointments were carried out in motifs suggestive of the Easter season.

After dinner the evening was devoted to mah jongg. The guests included Dr. and Mrs. Edward Swift, Dr. and Mrs. Hulett and Mr. and Mrs. Emil Kiefer, all of Glendale, and the host and hostess, Mr. and Mrs. W. E. Lee.

Surprise Affair
Mrs. H. Clough of 331 Salem street was the honored guest on Friday when the members of the Five Hundred club of which Mrs. Clough is a member entertained with a surprise luncheon at the home of Mrs. F. Sutton, 605 West Wilson avenue.

A delicious luncheon was served at noon, followed by an afternoon of five hundred. Mrs. F. Sutton was awarded prize for high score and Mrs. J. D. Rathbun was awarded second prize and Mrs. Roewcamp consolation prize.

Mr. and Mrs. H. Clough are planning to leave soon for an extended trip through the east.

Meeting Monday
Mrs. C. A. Brandstater, curator of the Parliamentary Law department of the Tuesday afternoon club, announced that the department will have a 12 o'clock luncheon and afternoon meeting Monday at the clubhouse.

BROOKHART PLANS CONTEMPT CHARGE

On Way Back to Capitol To Start Proceedings Against Banker

By WILLIAM K. HUTCHINSON
For International News Service
COLUMBUS, Ohio, April 12.—After a dash into Ohio in an unsuccessful effort to examine records of the Midland National bank at Washington Courthouse, Ohio, Senator Smith W. Brookhart, Republican of Iowa, chairman of the Daugherty investigating committee, was returning to Washington, D. C., today to start contempt proceedings in the Senate against M. S. Daugherty, president of the bank, and brother of former Attorney General Harry M. Daugherty.

"Our committee will take every step possible to obtain the books of the Midland bank," Brookhart told International News Service. "We will ask the Senate to order Daugherty into the custody of the sergeant-at-arms. We are determined to get those books if we have to use every power at the disposal of the government, because we believe we have found the right road to the disclosure of official corruption. The evidence gathered at Washington Courthouse in a single day was nothing short of amazing."

Kept Big Deposits
Senator Burton K. Wheeler, Montana, the committee's "prosecutor," did not return with Brookhart, but went to Chicago on a mission believed to be concerned with the investigation of the department of justice. The happenings in Washington Court-house verged on the sensational, featured by the flat refusal of M. Daugherty to permit the senatorial investigators to examine his books, records, and retentory injunction. In state court, Brookhart and Wheeler from going through his records.

From John Phelan, a bank examiner, the committee learned that former Attorney General Daugherty and the late Jesse Smith were both large depositors in the Midland bank. The Daugherty account at one time totalling \$75,000. There was also mysterious evidence linking the former attorney general with the New York state license commission in connection with bank deposits.

SHED BIDS OPENED
LOS ANGELES, April 12.—Bids for the construction of two gigantic steel transit sheds, to be erected at Los Angeles harbor, were opened by the Los Angeles harbor board at its meeting last yesterday. Nine bids were received. The sheds, to cost \$850,000, will be erected on the Terminal Island side and will be used by the Union Pacific railway.

LOS ANGELES, April 12.—Petition asking permission to buy a structure at Olivera and Mesa streets, San Pedro, to be used as a fire station was submitted to the board of fire commissioners yesterday afternoon by R. J. Scott, chief engineer. The building, lately vacated by the bureau of power and light, can be purchased for \$8500, the petition states.

VISITORS FROM EUROPE
LOS ANGELES, April 12.—El Centro, Santa Barbara, Imperial, Los Angeles, Bakersfield, Fresno and other cities will be visited by five European guests of the Southern Pacific, who left San Diego on a daylight tour yesterday afternoon. The visitors, R. G. Bonser, London; H. Desmit, Paris; I. Morello, Genoa; V. Mylrea, Liverpool, and O. Ruhr, Hamburg, intend to acquaint themselves with industrial and farming possibilities in California.

BANKRUPTCY PETITION
LOS ANGELES, April 12.—Voluntary petition in bankruptcy has been filed in the federal court here by the Ocean Lumber & Construction company, Long Beach. Liabilities are fixed at \$14,200 and assets are listed at \$10,125.

Bring in your exchanges.

Name Committee
The appointment yesterday of Mesdames A. E. Cawood, L. B. Kelly, K. Gardner, W. Holman and Miss May Cornwell as a nominating committee to nominate the officers of the coming year indicates the drawing to a close of a successful year's work in school activities by the Acacia Street Parent-Teachers' association.

At the meeting Friday afternoon Mrs. L. B. Torrey, the president, announced also the delegates to the state convention to be held April 24-25.

The delegates named were Mesdames Alexander, Kelly, Pratt, Carpenter, Jeffries and Cawood. Mrs. A. E. Bryan was appointed room mother for A 5 grade, and a cafeteria luncheon for the pupils was announced for Wednesday, April 23.

The program of the afternoon was as follows: Piano solo by Nellie Aleshire; readings, "Auntie Obe the Train" and "Little Boy at the Circus," by Lois White; piano solo, "Dance Caprice" (Grieg), by Maxine Heasley; reading, Mrs. E. Carlson, "It Ain't the World, It's You," and "Crops and the Child" (Guests); a talk by Miss Ann Clark, the school nurse.

Miss Clark stated that at the beginning of school there were 101 cases of undernourished pupils and now only seventeen, the improvement being due largely to the milk taken at school. A letter from Mrs. Susan Dorsey, superintendent of the Los Angeles schools, was read, stating that there was no danger of infection from the bread epidemic by the use of properly pasteurized milk.

Present Program
A most artistic program was presented yesterday afternoon before the music department of the Tuesday afternoon club by pupils of Mrs. Virginia Freeman.

The same group of young women who did such delightful work on Tuesday night at the session of the district convention, sang again yesterday, and again they were most heartily praised. Those in the quintet are Misses Julia Robinson, Gladys White, Marjorie Yarrick, Pearl Adair and Mrs. Gretta Cordary.

Others taking part in the program were Mrs. Laura Jane Burris, Myron Carman and Helen MacMullin.

Accompanists were Mesdames R. T. Young, Spencer Robinson and E. R. Ripley.

Mrs. Warren Roberts, curator, presided over the meeting and Mrs. Lange served as hostess.

Rebekah Club
The fifth meeting of the newly organized club of past noble grands of Carnation Rebekah Lodge, 257, was held Friday afternoon at the Odd Fellows' hall on West Broadway. In the absence of Mrs. Bertie Smith, president, Mrs. Loretta Schwitzer, first vice-president, presided.

After the close of the preliminary business meeting, Mrs. Evelyn Hall presided as chairman. The subject taken up for discussion was the duties of officers.

Announcement was made that Mrs. Elma Smith of Carnation lodge, who has been under care at a local hospital following serious illness, has recovered and returned to her home.

Past noble grand visitors present were Mesdames Conklin, Dean, Bronnburg, Reed, Hall and Schwitzer.

Santa Fe Official Is Summoned by Death

LOS ANGELES, April 12.—M. C. Harris, chief clerk of the passenger department of the Santa Fe, died suddenly of a stroke of apoplexy at his home here, aged 48 years. He came to Los Angeles twenty-five years ago from Galveston, Texas, where he began railroad work in the office of the Gulf, Colorado and Santa Fe.

Through diligence and an expert knowledge of traffic matters gained through his long years of experience, Harris had come up from the bottom and was in line for promotion to a higher position. He is survived by a wife and several other relatives.

Suspend Nurses For Bobbing of Tresses

NEW YORK, April 12.—Twelve nurses at the Charity Hospital have been suspended for an indefinite period for bobbing their hair in violation of a rule of the institution.

The Sisters of Charity, who are in charge of the nurses' training school, allege that there was a plot among the nurses to have so many girls bob their hair that it would be impossible for the authorities to dismiss them.

"We never heard of this plot," declared the girls.

Find Cattle Scourge In Five More Places
LOS ANGELES, April 12.—With five new outbreaks of the hoof and mouth disease reported in Los Angeles county during the last 24-hour period, Under Sheriff Gene Biscailuz has been instructed to enforce all quarantine rules to the letter and to arrest all violators. Several additional deputies were sworn and sent to points in the San Fernando valley where all the new cases were reported.

Eighteen violators of quarantine regulations were arrested in Watts for cutting and moving hay in Coburn park without a permit and paid fines of \$15 each when haled into justice court.

Forging Ahead That's What the Irish Linen Store Is Doing—Every Day

—We are busy every day and expect to keep busy, and want to assure it will pay you to watch our windows and visit our store. Dependable merchandise at reasonable prices, and plenty of it, with courteous treatment, is the way we hope to merit your trade.

FINE DRIVER IN TRUCK COLLISION

Crash on San Fernando Road Leads to Charges of Intoxication

Following an automobile crash on San Fernando road at 7 o'clock last night between two trucks, William Avis, driver of one of the machines, on being pronounced drunk by Dr. G. Kaemmerling, city health officer, was fined \$300 by Judge F. H. Lowe in police court this morning on a charge of driving while intoxicated.

Avis' machine collided with another truck driven by T. Wada, 718 Eighth street, Los Angeles. Two men riding with Avis at the time of the crash escaped; another, John Dall, 500 San Fernando road, was captured, and Avis, who attempted to hide from the police, they claim, was brought to the central station with him. Dall was fined \$25 for being drunk.

Sergeant Kerns and Officer Ames arrested J. H. Hooker of 2730 North Main street, Los Angeles, last night, on a charge of driving while intoxicated. He appeared before Judge F. H. Lowe this morning and was held for preliminary hearing. Bail was fixed at \$300 cash, which he did not furnish. He was taken to the county jail.

Holdup Alarm False
A reported holdup that sent all available officers hurrying to San Fernando road and West Broadway shortly before midnight last night proved to be a false alarm, the only thing four: on the arrival of the police being two men who were attempting to tow a broken-down car into a garage.

Officers McGuire and Moffitt placed C. E. Shaw, 136 1/2 South Everett street under arrest and he was fined \$75 on each of two counts this morning by Judge Lowe, one for transporting liquor and the other for having liquor in his possession. The officers stated that they found three pint bottles of liquor in his car.

J. H. Egner, 740 East Broadway, who was with Shaw at the time, disappeared during the arrest and was placed in custody early this morning by Lieut. Louis Nunn and Sergeant H. A. Stanford. He was fined \$50 by Judge Lowe.

Invite C. C. Members On Hawaii Excursion

LOS ANGELES, April 12.—Members of every Chamber of Commerce throughout Southern California have been invited by William Lacy, president of the Los Angeles Chamber of Commerce, to participate in the third annual excursion of that organization to the Hawaiian Islands which is scheduled for June 21.

The trip will be made this year on the huge liner, City of Los Angeles, which is now in drydock undergoing a general reconditioning at a cost of \$1,000,000. The date scheduled will mark the replacing of the luxurious ship in the regular run between the Paradise Isles and Los Angeles.

The annual excursion of the Chamber of Commerce will consume three weeks' time, ten days of which will be spent in exploring the scenic beauties of Hawaii.

Blasts Wreck Hopes Of Industrious Hens

LOS ANGELES, April 12.—The blasting of a small mountain pass known as "The Narrows," near Victorville on the Santa Fe between San Bernardino and Barstow, in order to make room for the new double track in that district, has caused the poultry raisers of that locality to chase the hens from their nests and order their baby chicks from outside hatcheries. The detonation is said to have shaken the eggs in the nests and made the ambitions of the industrious hens a hopeless task.

Army Relics Listed As Doubtful Assets

BOSTON, April 12.—Among the "doubtful" assets of W. E. Wilson & Co., brokers, in their voluntary petition in bankruptcy was one United States army overseas uniform, one helmet and one gas mask. Liabilities were listed as "uncertain, but about \$56,693."

SHORT SKIRTS TO STAGE COMEBACK

Fashion's Decrees Call for Organdie and Chiffon Billowy Effects

NEW YORK, April 12.—Women will wear billowy gowns of organdie and chiffon this summer. And skirts will clear the ground a good ten inches, according to advance styles on display at the fashion show here today.

And some of the very flouzy ones are diaphanous, too. They are of chiffon and lace, which seem to have completely crowded out the plainer materials.

But the show's most outstanding feature is the "come-back" of the short skirts.

Confirmations of the rumor from Paris that they were creeping "kneecap" were worn by models at the show who were attired in modes that permitted a fleeting glimpse of ivory white epidermis just north of where she starts to "roll 'em."

The show displays interesting combinations of the older modes with the new. Large picture hats top off dainty frocks of delicate hue, and either match them or are effective in contrasting shades.

Bullet in Shoulder Since Civil War Days

HEMPSTEAD, L. I., April 12.—Through having an X-ray photograph, Joseph P. Reed of Cruikshank avenue has discovered that a minnie ball that caused his shoulder and imbedded itself in his lung during the Civil War is now traveling toward his feet and has arrived as far as the small of his back, between the pelvis bones. The pain in his back annoyed Reed for some time and he recently had the X-ray picture taken, which revealed the ball.

Reed remembered very well when the incident happened. It was during one of the battles of the war when, during a charge, he was fired on at point-blank by a Confederate soldier. He felt the ball enter his shoulder and was knocked over. In the field hospital the surgeons tried to get the ball, but could not, and finally the wound was allowed to close.

Meyers Is Recovering From Major Operation

Captain Johnny Meyers of the Glendale fire department is recovering from the effects of an operation for appendicitis which he underwent last Tuesday at the Glendale Sanitarium and Hospital. Meyers has fought 97 battles in the ring without taking the count, but like all ordinary mortals, heard the referee count ten over him when Mr. Appendix hit him.

Bring in your exchanges.
CHARLES B. GUTHRIE, CO.
208 So. Brand Glen. 1640

A telegram was received this morning by The Glendale Evening News conveying Easter greetings from Rev. James S. O'Neill of Oxnard, former pastor of the Holy Family Catholic church of Glendale.

Father O'Neill has been suffering with a severe cold for the past several months and recently entered the hospital for treatment. He stated this morning he expects to be well enough to leave the hospital Monday morning. His many friends here will be glad to learn he is recovering.

BENEFIT AFFAIR FOR SCHOLARSHIP FUND IS PLANNED

Bridge and Mah Jongg Tea on April 30 Will Be First of Series

Following the concerted action of college and university women all over the United States in creating scholarship funds to aid deserving girls to obtain college educations, the Glendale College Women's Club is engaged in creating such a fund that possibly can be used next year.

The first benefit affair to be sponsored by the club since its organization was announced at the club luncheon meeting today at the Tuesday Afternoon clubhouse, when Katherine V. Sinks, chairman of scholarship, announced a bridge and mah jongg tea for Wednesday afternoon, April 30, at the home of Mrs. E. B. Sutton at 727 East Windsor road.

Will Increase Fund
 With \$25 as a nucleus of the scholarship fund, it is hoped that by the tea over \$150 will be realized before the end of the club year in June. If such is the case the club will be able to assist some girl desiring to go to college in the fall. While the \$150 would be a small amount in comparison to the scholarship funds of other organizations, nevertheless it would be a beginning and could be materially increased during the years to come.

The coming club benefit is to be open to all club members and friends and promises to be an early spring social affair of brilliance and pleasure.

In connection with the bridge and mah jongg games, prizes will be awarded and refreshments served.

The Sutton home is a most delightful place for entertaining and at the club meeting this afternoon there was a fine demand for tickets for the tea.

Mrs. Ferguson Assists
 Assisting Mrs. Sutton in receiving will be Mrs. A. L. Ferguson, president of the club.

Holland is to preside over the bridge tables, assisted by Miss Hazel White and Mrs. Warren Roberts. Mrs. D. F. Reichard, assisted by Mrs. Frank Ayars and Mrs. J. S. Hayward, Mrs. J. H. Toak and Mrs. George T. Harness, are members of the committee having charge of the tables and chairs.

The chairman of the decoration committee is Mrs. W. E. Lusby and her assistants are Miss Ruth Boyd and Mrs. J. M. Stadt.

Mrs. Paul and Mrs. Helen Moir, Mrs. F. W. Line and Mrs. S. L. Gillan, will serve tea.

Start Movement for Razing Court House
 LOS ANGELES, April 12.—A movement for the razing of the present county courthouse structure, housing most of the departments of the Superior court, and the erection of a new fireproof hall of records has been started, and is meeting favor among the members of the board of supervisors.

According to the tentative plans, the present eleven-story building, now used as a hall of records, will be devoted almost entirely to superior court departments. The county clerk and his records will occupy an entire floor of the new building, under the plans as outlined today.

The court house, exclusive of the hall of records, is one of the oldest public buildings in the city, and will be condemned in the near future, officials predict. Voters will be asked to approve a bond issue to finance the construction of the new proposed hall of records.

Nab Two For Alleged Robberies in Venice
 LOS ANGELES, April 12.—Joseph Piva and his companion named Rhodes were arrested early today by the sheriff's deputies at South Flower street and taken to Venice where they are alleged to have committed five burglaries recently.

Arabia Will Send Its First Official Minister to U. S.

DR. FUAD SHATARA
 The first officially credited minister from an Arab state to a Christian country to be appointed since the fall of Arabian rule in Spain will shortly be sent to Washington by King Hussein of the Hedjaz. The minister is expected to be Dr. Fuad Shatara. Dr. Shatara will be in the unique position of being an envoy in the country of which he is a citizen, for he became a naturalized American while studying medicine in Harvard university.

WILL RAISE FUND TO FIGHT PLAGUE
 Deficiency Appropriation of \$2,000,000 to Reimburse Livestock Losses

SACRAMENTO, April 12.—Failing in their effort to have Governor Richardson call a special session of the legislature, members of the statewide committee of growers and business men seeking funds to finance the hoof-and-mouth disease fight, today started a drive to raise two million dollars among California bankers and business interests.

Governor Richardson today authorized the following statement, summing up the financial aspect of the situation:

"An agreement was reached that the committee would raise \$2,000,000 immediately to reimburse stockmen, and that the governor and state controller would introduce a deficiency appropriation bill at the next session of the legislature to cover the money so advanced.

Support Pledged
 "The committee agreed, also, to have every member of the legislature pledge himself to vote for the deficiency appropriation. "We thus have something tangible to present to the bankers and business men of the state to assure them that the money advanced will be repaid. I will not call a special session of the legislature at this time and do not anticipate that such action will be necessary in the future, in view of the arrangements determined upon today."

Large Donations For Campaign Are Opposed
 WASHINGTON, April 12.—President Coolidge is opposed to large campaign contributions, it was declared officially at the White House late Friday. Improper motives are likely to be imputed to those who give lavishly to political parties, in the president's opinion. It was said, however, that he had no plan under consideration to limit the contributions.

Mackenzie river is 2300 miles long, the St. Lawrence 2200 and the Mississippi and Missouri 4650.

Pink gasoline gives better service than colorless liquid and, it is claimed, should cost less.

LAST OF LECTURE SERIES BY P-T. A. GIVEN AT SCHOOL

Dr. Frederick P. Woellner Delivers Talk About Triple Alliance

The last of the series of University Extension course lectures, which have been given during the past six weeks under the auspices of the Federation of Parent-Teacher Associations, was delivered last night by Dr. Frederick P. Woellner at the Glendale Avenue Intermediate school on "The Triple Alliance, Parent, Teacher, Child."

Glendale mothers have taken advantage of the opportunity to better acquaint themselves with matters pertaining to the education of children in the elementary schools and also along other phases of education. The series included a set of six lectures delivered by prominent educational leaders and faculty members, and each Parent-Teacher Association member attending the series has derived considerable benefit and gained numerous new ideas and suggestions pertaining to the education and development of children.

Is Like Triangle
 The lecture delivered last night by Dr. Woellner was interesting. Dr. Woellner is a speaker of unusual ability who commands the undivided attention of his listeners with his eloquence and bits of humor.

In discussing the subject Dr. Woellner stated: "I will compare the triple alliance to a triangle with the three sides, parent, teacher and child. The three sides should be equally divided as to responsibility but unfortunately they are not. The mother is taking almost the entire responsibility of the parent and the father has almost entirely withdrawn. Mothers are not realizing they are being overworked and should retreat a little and let the fathers share in the responsibility of the parents.

Teachers Overworked
 "The teacher is also being overworked, doing much for the child in school which the parents should do. Teachers are being trained in the schools for supplying to the child that which they do not get at home. On account of each teacher having such a large number of pupils she is unable to give the children as much individual work and time as the child should have.

"This is caused because of the lack of interest in the people at large in education. It has been proven that the people are not caring as much about education as they should or they would not spend \$3,000,000,000 for tobacco and only \$1,000,000,000 for education. When more money is spent for education, the school rooms will not be filled to overflowing with pupils.

"It used to be the teachers and parents were the tyrants but times have changed. The parents are becoming less strict with the children which has brought about a change and the youth of today are the tyrants. Years ago the parents and teachers were too strict and now they have gone to the other extreme. There should be an adjustment made on all three sides of the triangle and the Parent-Teacher Associations are helping in a great measure toward bringing about this adjustment.

Advice For Fathers
 "Children of today are over-mothered and under-fathered. Let the fathers get busy and help their part and let the mothers in sharing the responsibility of the parents."

The rest of the evening was devoted to an open discussion of the subject. Books suggested by Dr. Woellner for further reading on this subject are: "The Care and Training of Children" (LeGrand Kerr); "The Dawn of Mind" (Margaret Drummond); "How to Know Your Child" (Miriam Finn Scott); "Mothers and Children" (Dorothy Canfield Fisher); and "The Parents' Job" (C. H. Millard).

Huge webbed feet of the "flying frog of Borneo" enable it to sail from one tree to another.

Why I Came To Glendale

I was born in old Philadelphia, and I love it yet you know, But I was tired of the awful winters, with their icy paves, and snow; I was tired of the awful problem of begging yet paying for coal.

I was sick of the ice box street cars, that froze to the very soul. I was tired of waiting for summer, the winters were nine months long. The seasons were all mixed up back there, everything's gone dead wrong. We had rain from September till Xmas, cold rains that pierced one through. That made one reach for their flannels, and boots, and the high top shoe.

Nine months we battled with sickness, tonsillitis, aching bones. We made good money—I'll say we did, but we helped keep up doctors' homes.

One day I had a letter from brother, and he told of your sunny days, Of the flowers that bloom all winter, of the wonderful fruit you raise; How he came with a few thousand dollars, and doubled them O' so soon.

How Glendale was steadily growing, yes, growing, 'twas not a boom.

So I packed up my boxes and left there, I bade farewell to my friends, Struck out for that Jewel City, out where the rainbow ends;

And I found at the end of that rainbow, yes, surely a pot of gold.

For I've health, contentment and happiness, all that my heart can hold.

Yes, Glendale, I've seen your winters, enjoyed your summers, too;

All my cheers ofr the Jewel City, for all that they told me was true.

NAN WILSON,
 139 S. Belmont Avenue.

PLANS FOR CLUB HOUSE DISCUSSED

Members of Glendale Legion To Attend Celebration At La Crescenta

The discussion of future policies of the organization and the consideration of plans advanced for the erection of a new clubhouse occupied the attention of the members of the Glendale post of the American Legion at the regular meeting last night.

With all officers and a large number of Legionnaires present, the subjects were given lengthy consideration. A number of the members expressed their intention of participating in the first annual "mess call" to be held next Wednesday night by Verdugo Hills post No. 233 at the La Crescenta schoolhouse. State Commander James F. Collins of Long Beach and several other distinguished visitors will be present.

Next Friday night all business will be dispensed with by the local post and an open meeting will be held, to which all ex-service men and women are invited. There will be entertainment by professionals from Los Angeles, with refreshments at the close of the evening. Each member of the Legion is expected to bring a prospective member.

VISITORS ATTEND K. P. LODGE MEET

Plans for Annual Picnic at Redondo Beach Under Consideration

At the meeting held this week by the Glendale Lodge No. 331, Knights of Pythias, in the K. P. hall, Park avenue and Brand boulevard, several visitors were present, including the chancellor commander of Manitou lodge, Los Angeles, Mr. Sampson, who gave a short address.

S. E. Wright, chancellor commander of Glendale lodge, made a report on the work of the 30th district convention which he and Hal Leedon attended as delegates. The annual district picnic will be held this year at Redondo Beach. Plans are being inaugurated to make this a noteworthy affair.

Plan Dedication
 Considerable attention was given to the Camp Cajon project, and it was announced that the dedication services will be held July 4. Hal Leedon, vice-chancellor, who is in charge of the Boy Scouts, Troop No. 1, reported the troop in good condition and recruited to its required quota.

Next Tuesday night a banquet will be given with a large delegation of Knights of Pythias from the Van Nuys lodge, as special guests.

When Robinson's has a valuable event it is worth remembering. Some mighty powerful values are planned for the third anniversary to be announced in Monday's issue of The News.—Advertisement, 4/12.

LOCAL KIWANIS AT CELEBRATION

Assist In Presentation of Charter to New Club at South Pasadena

Members of the Kiwanis club of Glendale assisted last night at the charter presentation ceremonies for the South Pasadena Kiwanis club, held at the Hotel Raymond. The charter was presented to the new club by A. Heber Winder of Riverside, district governor, while addresses were made by Frank Kean and Les Henry, officers of the international order. Guy Crump, president of the South Pasadena club, accepted the charter on behalf of the organization.

Songs boosting Glendale and the local Kiwanis club were presented by the Glendale delegation, led by President A. L. Baird. Glendaleans attending the banquet and dance which marked the event included: Rev. Clifford Cole, Ed Radke, Mr. and Mrs. E. E. Jordan, Mr. and Mrs. D. H. Webb, Mr. and Mrs. Park Arnold, Mr. and Mrs. W. L. Truitt, Mr. and Mrs. C. J. Hatz, Mr. and Mrs. F. Adams, Mr. and Mrs. T. L. Totman, Mr. and Mrs. Fred Deal, Mr. and Mrs. A. L. Baird, Mr. and Mrs. M. D. Davis, Mr. and Mrs. R. Bentley, Dr. and Mrs. T. C. Young, Mr. and Mrs. H. E. Wilson, Mr. and Mrs. L. P. Clark and Mr. and Mrs. Fred B. Walton.

Pasadena Woman Asks Return of Her Jewels

LOS ANGELES, April 12.—Catherine Hanna, Pasadena, gave Charles H. Kelly a platinum brooch set with diamonds to sell for her on commission. He failed to sell the brooch or to return it to her, she claims in an action filed today. She demands the return of the jewelry or \$500.

Calls Administration of Packers Law Joke

WASHINGTON, April 12.—Administration of the packers and stock-yards act by the department of agriculture is a "joke," Congressman King, Republican, of Illinois, charged at an inquiry being conducted by a House committee.

TO SPREAD CULTURE

To provide for the cultural needs of men and women who desire to enlarge their knowledge, to cultivate their taste, to enrich their leisure, and to widen the scope of their interests, both public and private, the London County Council maintains "literary evening institutes" in many parts of the city. At these institutes discussions and group work are arranged in many subjects, including the appreciation of art, architecture, and music, classical and modern literatures and languages, philosophy and psychology, history, economics, and social problems, science, elocution, and vocal and orchestral music. Classes in physical training are also held. Visits are made to art galleries, museums, and other places of architectural and archaeological interest.

DEDICATE ORGAN AT PRESBYTERIAN CHURCH SERVICES

Otto T. Hirschler Selected Musical Director; Play New Instrument

Adding greatly to the spiritual atmosphere of the new Presbyterian church building is the installation of a wonderful pipe organ, just completed by the Robert Morton company of Van Nuys, at an approximate cost of \$25,000, and to be formally dedicated at the church services tomorrow.

This organ, which is a three manual instrument, is one of the finest instruments of the kind in use in Southern California. It is a beautiful instrument, in display of pipes and special combinations. It is built in five sections, practically five separate organs.

The swell organ is played from the uppermost of the three manuals. At the right of the swell organ is the choir organ. In the center is the great organ and adjoining this is the pedal organ. The orchestra organ together with harp and Degan chimes gives a remarkable range of special effects.

Organ Description
 The console is so arranged as to provide later a solo organ. The total number of speak pipes is 2350.

A detailed description of the organ follows:
 Swell organ, 73 note chest; Contra Bass 16 feet; Horn Diapason 8 feet; Gamba 8 feet; Vox Celeste 8 feet; Stopped Flute 8 feet; Trumpet 8 feet; Oboe 8 feet; Vox Humana 8 feet; Harmonic Flute 8 feet; Harmonic Piccolo 8 feet.

Great organ, 61 note chest: Contra Bass 16 feet; Diapason 8 feet; Tibia Clausa 8 feet; Clarabella 8 feet; Viola 8 feet; Dulciana 8 feet; Clarinet 8 feet; Flute D'Amour 8 feet; Concert Harp 8 feet; Chimes 8 feet. Orchestra organ 61 note chest: French Horn 8 feet; Concert Flute 8 feet; Violin 8 feet; Quintadena 8 feet; Violin Celeste 2 ranks 8 feet; Muted Violin 8 feet; Vox Humana 8 feet; Dulcet 4 feet; Concert Harp 8 feet.

Pedal organ 32 notes: Acoustic Bass 32 feet; Open Diapason, 16 feet; Violone 16 feet; Bourdon 16 feet; Lieblich Gedect 16 feet; Flute 8 feet; Octave 8 feet; Cello 8 feet.

Special Chambers
 Each organ is placed in expression chambers especially designed for the building. Chimes and harp are made by Degan company of Chicago, 20 and 37 notes. A double kinetic blower supplies the wind for this large instrument.

Presiding over the organ work will be Otto T. Hirschler, who will serve the church as organist and musical director. Mr. Hirschler is well known among musical circles in the Southern California music building in Los Angeles, and is director of the musical work at the Owensmouth High school.

In addition to his organ work in California he has had wide experience in Chicago and other cities of the middle west.

Three Are Burned As Kerosene Starts Fire

OMAHA, April 12.—Mrs. Lillian Erickson, eighteen, was fatally burned and her son Albert, Jr., ten months old, may die of burns sustained early Friday when fire caused by explosion of kerosene used in starting the kitchen stove fire, destroyed their home. The husband, Albert Erickson, Sr., twenty-three, was slightly burned in his efforts to rescue his wife and son.

Peasants of Corsica make a cough syrup from the dry leaves of the eucalyptus trees, which are found in all parts of the island.

One automobile run by steam in England, in 1830, was advertised to climb a hill "at 24 miles an hour."

Has No Legs, But Is Best Swimmer In His Home City

FRANK SHUBER.
 Frank Shuber of Youngstown, O., is a Boy Scout. Not only that, he's the best boy swimmer in the city. What makes this news, and Frank unusual, is that he hasn't any legs. Despite this, he was one of the first boys in the city to pass the life saving test in the water. He can swim fully clothed, he can undress under water, and perform all sorts of tricks difficult for a person in possession of all his limbs.

BURGLARS LOOT GLENDALE HOMES

Three Robberies Reported to Police; Jewels Taken In Lenoir House

Three burglaries were reported to the police last night.

The home of Don Davis, 1918 Tenth street, was broken into during the afternoon. Entrance was gained through a cellar window. Mr. Davis was not able to state just what had been taken, but estimated that his loss was not heavy.

While the family of H. C. Sausbury, city controller of 531 East Lomita street, were at the show last night, burglars forced a bedroom window and thoroughly ransacked the house. The loss was very light. Forty cents in change and two nugget stick pins, with a child's gold ring were missing.

Burglars ransacked the home of Frank Lenoir, 736 South Louise street, last night, after forcing a kitchen window. A large amount of jewelry was taken, although the exact amount is not known as yet, as Mr. Lenoir has not made out the complete list of missing articles.

Victim of Accident Is Treated at Hospital
 Jacob L. Stenz, 460 West Harvard street, was slightly injured yesterday afternoon on Brand boulevard shortly before 6 o'clock when he fell off a Pacific Electric car in the path of car driven by A. G. Sterling, 707 North Isabel street.

The injured man was taken to the Glendale Sanitarium and Hospital where his injuries received attention. He was later removed to his home.

Psychologist Shows At Gateway Theater

Charles F. Haynes, eminent psychologist, who was in the city a month ago, comes to the Gateway theatre for a special engagement, starting Sunday.

He is scheduled to appear on the streets this afternoon in one of his famous "stunts" that have thrilled and mystified millions.

Mr. Haynes deals in a variety of scientific magic all his own and has been hailed as one of the most unique entertainers in America.

LEADER OF SOUTH SIDE EBELL CLUB WILL SPEAK HERE

Dr. Marion Whiting of L. A. Will Address Members of Organization

Tuesday Afternoon clubwomen will entertain as a speaker next Tuesday afternoon Dr. Marion Tracie Whiting, president of the South Side Ebell Club of Los Angeles.

Dr. Whiting was one of the most enthusiastic delegates to the recent district convention, and her clever and complete report given Thursday afternoon was one of the feature reports of the gathering. During the war Dr. Whiting was active in work among the American soldier boys, and when she spoke a few weeks ago before the Business and Professional Women's Club of Glendale, she told many interesting experiences.

Dr. Whiting is a most talented musician and dramatic reader and the clubwomen have a splendid program in store for them. At the luncheon preceding the afternoon meeting, Peter L. Hanson, president of the Glendale Realty Board, will speak on "Better Homes," and Mrs. Ferbeck on "China Painting."

There also will be meetings of the Bible and Fine Arts sections in the morning.

Lectures Tonight on Psychological Theme

Dr. B. E. Northington will deliver another of her interesting free lectures on psychology tonight at Hahn's auditorium, 109-A North Brand boulevard, starting promptly at 8 o'clock. "Psychology and Health" will be the topic.

Dr. Northington will deliver additional lectures at the same place on Sunday, Tuesday and Wednesday night, April 13, 15 and 16. It is announced, "Everything is possible by correct thinking," is one of the points stressed by this eminent psychologist, who is attracting hundreds of followers by the vitality and simplicity of her message, which is said to be powerful in its corrective effect and understandable by the masses.

Commissions on Sales Are Alleged Not Paid

LOS ANGELES, April 12.—The Pastique Arts, Inc., prominent Hollywood firm, was made defendant in a suit filed by Heichler-Weller company, sales organization, for commission alleged due. Up to the end of last year the sales company had turned in orders to the Hollywood firm for nearly \$10,000 worth of ornaments, tile and other articles, it is alleged.

Deny Writ of Habeas Corpus to Wolfgang

SAN FRANCISCO, April 12.—Isaac Wolfgang, convicted murderer of Oliver Dinmore, Los Angeles patrolman, has been denied a writ of habeas corpus by the state supreme court. He is sentenced to hang at San Quentin prison April 25. Wolfgang's attorney said he would seek a similar writ in Los Angeles and if again denied would appeal to a higher court.

Appropriation Bill Reported to Senate

WASHINGTON, April 12.—The army appropriation bill, carrying a total of \$329,606,352, an increase of \$3,363,759 over the House, was reported to the Senate Friday by Senator Wardsworth, Republican, New York.

The custom of sprinkling ashes on the heads of penitents on Ash Wednesday still survives in some countries.

ROBINSONS Men's Shop

114 So. Brand Blvd. Glendale, California

After five years of business connection in Glendale we have never felt that we had a brighter future than at the present.

Now, on the occasion of our Third Anniversary, we have greatly increased stocks in all lines, and, as a climax, have added the line of

Kuppenheimer
Good Clothes

The anniversary we have planned for next week will be the most outstanding merchandise event that this store has ever attempted.

A large sales corps has been procured, and everything will be in readiness for this great occasion.

Loyal Army of Optimistic Citizens Are in Steady March to Greater Prosperity And Greater City; More New Records!

Realty sales are establishing a new high record in Southern California this year, both as to numbers and to the aggregate amount they involve.

This is not a mere declaration of a booster or a set of boosters. The statement is made by an escrow officer for the largest title insurance company in the Pacific Southwest, made from the company's records for this year to the present as compared for the same period last year.

As a matter of fact, the realty sales, both as to number and as to the aggregate amount, are far ahead of last year—and last year was a record-breaker. Glendale is playing its part in this prosperity.

On the first page of the Development Section of today's Glendale Evening News will be found figures showing GLENDALE STANDS FIFTH AMONG ALL CITIES IN THE

WHOLE STATE OF CALIFORNIA in the totals for building during the month of March. GLENDALE IS GOING STRAIGHT AHEAD! There's a reason—many of them, in fact. This is an ideal city of homes and for homes; its schools rank with any anywhere; its churches are a most important factor in community life; its clubs and luncheon organizations are made up of representative men and women; its business centers are peopled by men and women of enterprise and vision—AND GLENDALE IS ON THE MAIN LINE OF THE RAILROAD.

The pioneer work has been done, and well done. We are now a Greater Glendale and will be an even GREATER Glendale. We have the LOCATION. We have the people who DO things. We have ADVANTAGES not enjoyed by other communities. We have stamina. WE HAVE OPTIMISM! We cannot

over-praise Glendale. WE CANNOT OVER-ADVERTISE IT! Further, WE WILL NOT STOP WHERE WE ARE!

On the contrary. There are about 50,000 people here now. And that enthusiastic army, united, having full faith in this, their home city, knowing that only the TRUTH need be told, will see to it that Glendale's population is DOUBLED! The population of Glendale in 1910 was 2,742. The population in 1920 was 13,350, and, as already said, the population today is about 50,000. A growth made possible by FAITH, VISION and broadcasting the TRUTH!

Loyal citizens have made our great growth and prosperity possible. Loyal citizens will see to it that it's GREATER GLENDALE STRAIGHT AHEAD AND ALONG THE HIGHWAY INTO EVEN GREATER PROSPERITY!

A village cannot become a city except through the medium of advertising—an element as essential to its life as air is to the individual.

Glendale, 1910.....	2,746
Glendale, 1920.....	13,356
Glendale, 1924.....	50,000

GLENDALE FIFTH IN CALIFORNIA BUILDING!

NEW INCOME SHOWN IN RETURNS

Increase in Tax Payments 30.16 Per Cent Report of Bureau Shows

Thirty-three thousand more taxable personal income returns which reported new income of approximately \$160,000,000 were filed in Southern California during the tax payment period running from January 1 to March 15, than were filed in the corresponding months of 1923. The increase in returns on which tax was paid was 30.16 per cent.

This was the outstanding feature of a report disclosing the official count of income tax returns filed in the Southern California district, which was sent to Washington today by Collector of Internal Revenue Rex B. Goodcell.

41,871 More Returns
The report shows that 272,553 returns of all kinds were filed, compared with last year's figures of 230,682, an increase of 41,871.

As conclusive proof that Southern California has strengthened its claim to being the nation's "white spot," Collector Goodcell's survey revealed the fact that 80.7 per cent of the increase of 41,871 in the number of returns filed were taxable returns, and that in the face of the uncertainty regarding income tax rates, an increase in income tax receipts for the first quarter of \$4,079,040, or 32 per cent, was registered.

Personal net income of more than \$5,000 was reported by 90,155 persons, and 162,015 reported net income of less than \$5,000.

Corporation returns filed were 7,439, an increase of 1,112 returns over the number filed in 1923. While last year only 661 corporations paid their tax in full, the number increased to 1,033 in 1924.

Other Classes Jump
Partnership returns reached the 10,928 mark, which topped 1923 by 1,850 returns.

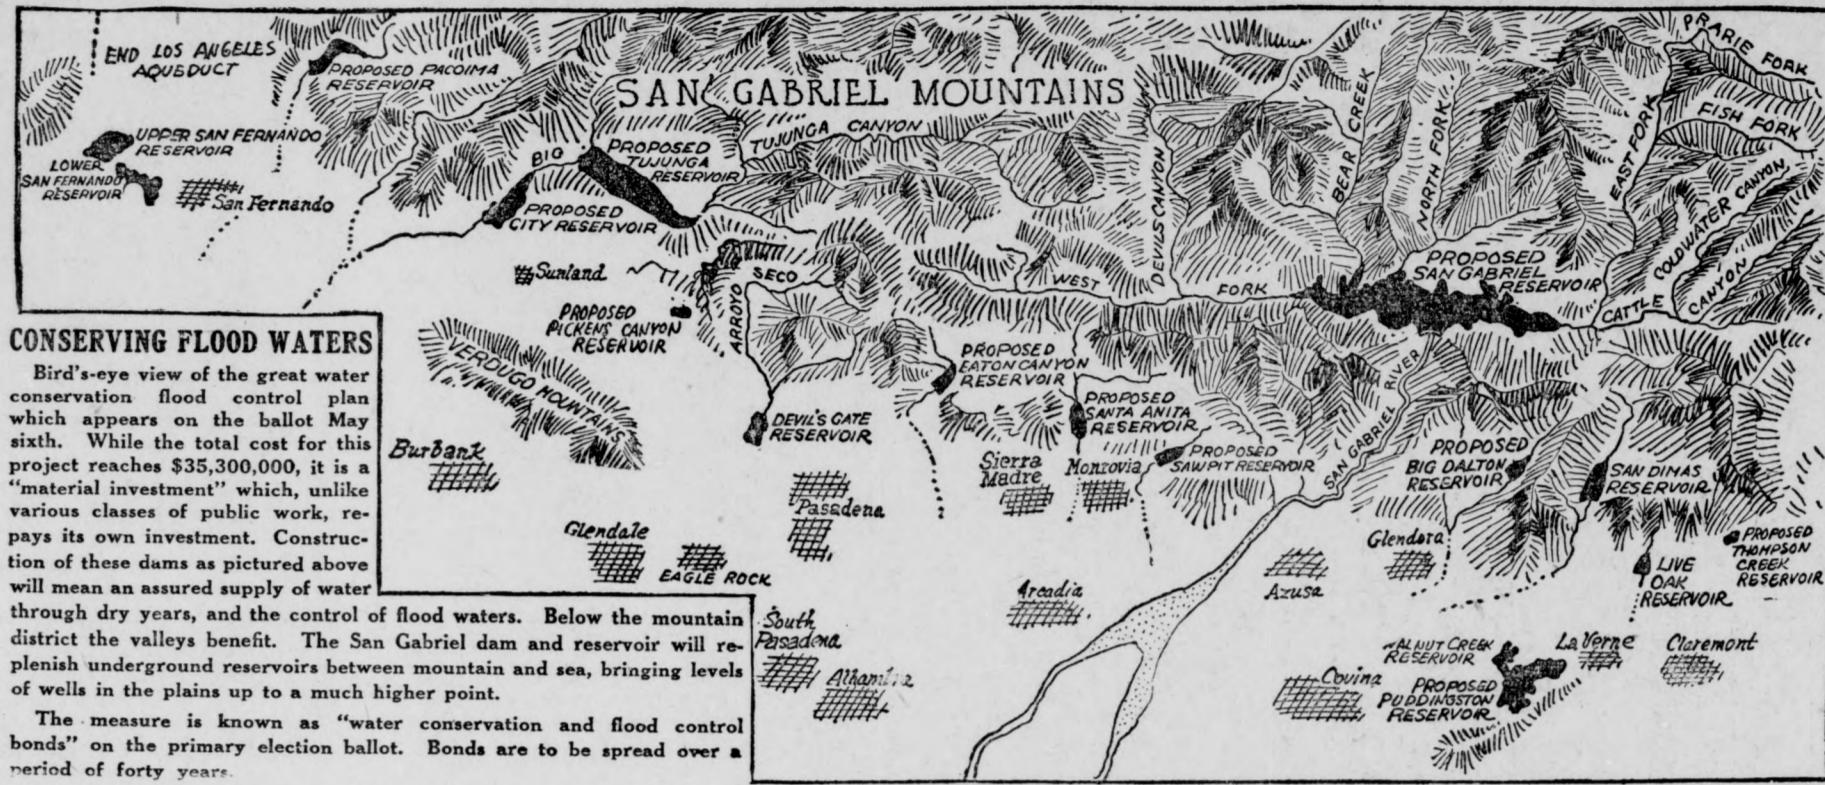

In 1923 only 109,390 personal returns on which tax was paid were filed, while in 1924 the number advanced to 142,384, as compared with an increase of but 8,877 in non-taxable returns.

A striking feature of Collector Goodcell's report is the statement that in 1924, 63,679 taxpayers who expected to take immediate advantage of the proposed 25 per cent reduction in income rates met their taxes in partial payments, compared with 30,952 who paid in installments in 1923.

This enormous decrease in March payments was not only overcome by taxes paid by 32,994 new income taxpayers, but an increase in receipts of more than \$4,000,000 was recorded.

From a standpoint of increase in population in the Southern California district, the 41,871 new returns indicate that during 1923 the population advanced 259,600.

DETAIL OF LOS ANGELES COUNTY'S GREAT WATER CONSERVATION-CONTROL PLAN

CONSERVING FLOOD WATERS
Bird's-eye view of the great water conservation flood control plan which appears on the ballot May sixth. While the total cost for this project reaches \$35,300,000, it is a "material investment" which, unlike various classes of public work, repays its own investment. Construction of these dams as pictured above will mean an assured supply of water through dry years, and the control of flood waters. Below the mountain district the valleys benefit. The San Gabriel dam and reservoir will replenish underground reservoirs between mountain and sea, bringing levels of wells in the plains up to a much higher point.

The measure is known as "water conservation and flood control bonds" on the primary election ballot. Bonds are to be spread over a period of forty years.

AID IN HOME BUYING IS PLANNED

Specialists to Study Means of Providing Mortgage Money for Owners

Ways and means of making available the loan money through which home ownership in America may be made as nearly as possible universal, will be the first topic to be taken up at a convention of the real estate mortgage and finance specialists of the United States and Canada to be held in Washington, D. C., June 3-6.

The meeting, the second annual convention of the mortgage and finance division of the National Association of Real Estate Boards, will be one of seven three-day national conferences of its seven specialized divisions of real estate practice which will make up the afternoon programs of the convention of the National Association.

Business Structures
Modern methods of financing the building of the business structures of American cities will also come up for discussion by the men whose work brings together sound projects of home-building or industrial expansion and the available investment funds of the nation which those projects call for.

Simultaneously with the main meetings of the division there will be held a three-day meeting of its newly-organized special section on the financing, construction, selling and operation of

(Turn to page 6, col. 1)

Fifth Farm Land Meet Is Scheduled For State Capital

The fifth California Farm Land Conference will be held Monday, April 21, at Sacramento, beginning at 9:30 a. m., continuing throughout the day and winding up with a state banquet.

Among the speakers will be E. T. Meredith, former secretary of agriculture, and editor of farm publications.

Governor Friend W. Richardson has been invited to address the conference.

President Henry P. Barbour of the California Real Estate Association will preside at the banquet and State Vice President Chris. R. Jones of Sacramento will preside at the business sessions.

A feature of the conference will be ten minute talks on the various farm land projects now in the California Approved Land Settlement Association.

CITY WILL BUILD HOUSE AS MODEL

Port Huron, Mich., Winner in Better Homes Movement Out to Repeat

The entire city of Port Huron, Mich., is getting behind the Better Homes in America demonstration, to be held there during the week set aside for this educational work all over the nation—the week of May 11 to 18.

Word has been received here from Port Huron that various organizations are doing their bit for this work. The first \$100 toward the 1924 Better Homes demonstration in Port Huron has been given by the Rotary club, according to recent advice. It was this Michigan city which won first award for its Better Homes demonstration last year, in competition with about a thousand other communities.

Last year the high school boys and girls secured backing, built and furnished a demonstration home which, at the conclusion of Better Homes week, was sold at public auction for \$5800—just \$300 more than its cost. The pupils who achieved this signal honor were members of the class in civics at the Washington Junior High school, Port Huron. The campaign was directed by Miss Elizabeth Carlisle, their teacher.

All Will Help

This year the pupils of the same class are undertaking the actual construction of a home, and will furnish it and demonstrate it to the public. The campaign is again in the hands of Miss Carlisle and her pupils. The Port Huron city commissioners have voted to provide for the excavation of the house.

The Chamber of Commerce has agreed to furnish the brick, the Rotary club will provide the lath, and members of the American Legion each will devote one day's work to putting up the home. The boys and girls themselves are going to perform manual labor in the building and furnishing of the demonstration home. Port Huron is starting out to repeat its remarkable 1923 record.

Ancient Greeks asserted that there were four elements: fire, air, earth and water.

CLAIM TAXES HINDRANCE TO SALES

Realtors Seek Elimination of Revenue by Levies on Capital Gains

Entire elimination from the federal revenue act of taxation of capital gains is urged by the National Association of Real Estate Boards through its taxation committee. In a brief just presented to the Senate finance committee by Fred C. Shipman, of Detroit, chairman of the sub-committee on federal taxation.

In case tax on capital gains is not eliminated from the revenue act altogether the association strongly urges as an alternative that the base date for calculation of values upon which capital gains are reckoned for taxation purposes shall be changed from March 1, 1913 to March 1, 1920, or preferably be fixed at a term four years antedating the date of any sale.

Support Assured

Support of a number of members of the finance committee and of important officials of the treasury department has already been assured for the proposal.

"Taxation of gains from the sale of capital assets, particularly real property, interfere with the eminently desirable fluidity of real estate as a commercial commodity," the association's brief holds. "The hesitancy of the owner to sell his real property holdings when he faces a material profit, with the resulting tax, unquestionably has handicapped the natural and easy development of the growing communities, particularly urban, of this country. In addition instead of direct

(Turn to page 6, col. 1)

More Than Half of Nation's Wealth Is Land, Homes

Over half of the wealth owned by the people of the United States or existing in the United States is contained in the single item of real property, the land of those forty-eight states and the buildings making its cities and villages and farm houses, according to a summary made by the National Association of Real Estate Boards of statistics just released by the United States bureau of census.

The total wealth of the United States, exclusive of property owned by the United States government, is \$310,274,476,000, according to the census lists of wealth in the forty-eight states. Of this, real estate makes up a total of \$174,231,456,000. This includes property of states and of smaller governmental divisions.

Of the total valuation of real property outside of federal holdings, a total of \$154,198,981 is taxable. Tax exempt real property, including schools, churches and state and local public buildings, amounts to a total of \$20,032,475,000, the census statistics show.

Movie Fans Spend \$3,247,908 in One Month for Shows

Motion picture theatres and other places of amusement in Southern California were visited by 14,606,360 persons during February, and \$3,247,908 was spent for amusements. This was the outstanding feature of a report covering March collections, which was sent to Washington by Collector of Internal Revenue Rex B. Goodcell. Admission taxes on February business are paid in March.

Admission tax receipts were \$270,659, a gain of \$18,364 over March, 1923. The tax paid represents an attendance for February of 14,606,360, compared with 13,591,800 for the corresponding month of 1923, and an expenditure by the public for amusements of \$3,247,908, as against \$3,027,540 for February, 1923.

For the first nine months of the fiscal year which began June 30, the attendance was 127,719,920, compared with 98,196,932 for the same period of 1923.

During the nine months \$28,277,096 was spent for amusements, compared with \$21,821,656 in 1923.

PAVEMENT IS BIG SELLING FACTOR

Complete Work Before Tract Offered to Public Is Aid to Owners

The exodus to the suburbs is on and in all directions, new subdivisions are opening that offer a home and a garden spot to the crowded city dweller.

It is becoming more evident that the easiest sites to sell are those where the paving is already in and living can go on in an undisturbed fashion as soon as the new family moves in.

If a suburban offering is to be a success, it must be paved some time. Paving at best is a messy proposition with the streets littered with piles of sand and gravel and blocked with a concrete mixing outfit. It is true that it is only a temporary disturbance and after it is done, there is a clean pavement that is down for time to come, but still there is no reason why paving should not be done in the beginning. Home buyers know they must pay for the paving whether it be added to the cost price of the property or whether they pay for it separately.

Removes Conjecture
A line of reasoning that the common mind follows and on which the realtor can realize is that street paving takes conjecture out of the prospect's mind with regard to the future of the neighborhood in which he is thinking of buying.

Pavement is something tangible, a talking point and a selling point. The company underwriting a development must believe in the future of the property or it would not invest money in paving it. If the property is good and has a future, there will be no difficulty in financing the pavement costs and after paying the carrying charges, a fair profit can be made on the transaction.

Olive trees of Greece bear only once in two years.

SLASH RAIL RATES FOR SETTLERS

S.P.'s New Passenger Tariffs to Bring Homeseekers to Southland

Impetus to the development of western states through increased activity in land colonization is expected to result from new homeseekers passenger rates about to become effective. This was stated today by J. H. R. Parsons, passenger traffic manager of Southern Pacific company.

Homeseekers rates from Illinois, Iowa, Wisconsin and other middle western states to points in California, Nevada, New Mexico, Arizona and Oregon, south to Eugene, become effective April 5.

Special landseekers' rates from San Francisco, Oakland, Los Angeles, Sacramento, San Diego, Fresno and Stockton to all points on the Southern Pacific in California, Nevada, Arizona and Oregon go into effect on March 28.

Land colonization agencies in the middle west have begun to organize parties of homeseekers to take an early advantage of the new rates, it is stated. These are fixed at the one way fare plus \$5 for the round trip to parties of twenty-five or more. They are to be sold on the first and third Saturdays of each month and have a return limit of fifteen days. Stopovers in the western states are permitted.

The more local land seekers rates arranged by Southern Pacific from the seven California cities are based on one and a third fares for the to and trip. They will be sold on Friday of each week for parties of fifteen or more. The return limit is four days where the one-way fare is \$15 or less and seven days for more distant points. Stop overs will be allowed to permit inspection of land in various sections.

FRESNO WANTS MEET

Fresno realtors are after the 1925 convention of the California Real Estate Association. The active campaign of the Fresno Realty board was launched at the meeting of the farm land conference held in the Raisin City. President D. Richard Ainsley voiced the sentiments of the Fresno board when he stated at the conference: "You are all agreed that there are certain to be many changes in the San Joaquin Valley soon, as a result of a remarkable period of development we are sure is soon to come. Very well, the Fresno Realty board invites you all to return to Fresno next year and view these changes as delegates to the 1925 convention of the California Real Estate Association."

CITY SETS REMARKABLE RECORD DURING MARCH

Los Angeles, San Francisco, Oakland and Long Beach Only Communities to Exceed Glendale in Total Set by Permits

	March, 1924	March, 1923	February, 1924
Los Angeles	\$17,279,758	21,196,087	16,083,412
San Francisco	4,652,933	3,229,572	3,912,166
Oakland	2,896,416	2,581,980	2,250,570
Long Beach	2,287,240	1,974,618	2,156,132
Glendale	968,050	1,036,475	805,706
Berkeley	956,950	703,095	668,880
Pasadena	885,252	1,001,770	654,094
Alhambra	859,520	704,795	537,400
Stockton	810,140	533,720	447,423
Santa Barbara	807,280	904,698	512,945
San Diego	800,739	1,409,413	763,430

Glendale, "The Fastest Growing City in America," was exceeded by only four cities in the state of California in the amount of building permits issued during the month of March, 1924. Glendale, also, ranked third in the cities of southern California, and seventh in the list of municipalities of the entire Pacific Coast.

This information was contained in the national monthly building survey for the Pacific coast section compiled by S. W. Straus & Company, and received by H. C. Vandewater, municipal building superintendent, yesterday afternoon.

Remarkable Record
Los Angeles, San Francisco, Oakland and Long Beach surpassed Glendale in this state, while Portland and Seattle took precedence over this city when the entire Pacific coast was included. This record is all the more remarkable when the fact is taken into consideration that Glendale beat out cities in some instances of double the population, and is a direct refutation of the statement circulated in certain quarters that building activity had taken a slump. Alhambra fell approximately \$130,000 short of Glendale's mark, while this city beat out Pasadena, an old rival, by nearly \$100,000.

San Diego's permits were \$800,739, nearly \$200,000 short of Glendale's mark. With a grand total of \$48,655,946 in building permits issued during March in seventy-eight cities of the seven Pacific coast states, an increase of 13.6 per cent over the total for March of last year and an increase of 44.7 per cent over March of 1922 is shown, although the March figures are 2.9 per cent less than the grand total for these cities reported for February of this year.

Slight gains are registered in most California cities, although some, including Glendale and Los Angeles, show a small loss.

Los Angeles, while it reports a March total of \$17,279,758, amounting to 35 per cent of the grand total of \$48,655,946 in building permits issued during March in seventy-eight cities of the seven Pacific coast states, an increase of 13.6 per cent over the total for March of last year and an increase of 44.7 per cent over March of 1922 is shown, although the March figures are 2.9 per cent less than the grand total for these cities reported for February of this year.

Slight gains are registered in most California cities, although some, including Glendale and Los Angeles, show a small loss.

LOS ANGELES FOURTH

Four cities of California held the positions of third, eighth, eighteenth and twenty-fourth in the world of new building last year. They were Los Angeles, San Francisco, Oakland and Long Beach in the order named. The total building in these four cities was approximately \$300,000,000, or 9 per cent of the total now constructed in the first twenty-five cities of America. Indications point to 1924 seeing a bigger year in each of these rapidly growing California cities.

An electric cream whipper for the house kitchen has been invented.

PLAN TO ASSIST IN HOME BUYING

Mortgage Experts Studying
Methods of Providing
Money for Owners

(Continued from page 5)

co-operatively owned apartment buildings. The meeting is expected to go forward developing a national standardization of the plan, rapidly spreading over the United States, through which the tenants of an apartment building become owners of their own apartment space. Under the "own-your-own-apartment" plan apartment holders are free to improve their individual quarters as their individual needs dictate, and to buy and sell individual apartment quarters as they would buy or sell a single-family dwelling.

National Survey
New methods being developed by banks, insurance companies and other great investment institutions in the handling of first mortgages will be brought to the attention of realtor mortgage and finance men through a national survey of new mortgage practices now being conducted by the division. C. H. Corbett, Canton, Ohio, is chairman of the committee which is conducting the inquiry.

In the field of mortgage investment the division will also have brought before it findings of importance not only to the great investment institutions of the United States, but to the individual small investor in real estate mortgages or in stocks and bonds. This will be the report of the two-year national-wide survey now being completed by the division. This survey is collecting the national experience so far as it can be found in regard to the safety and investment return of mortgage securities as compared with stocks and bonds.

Protection of the investment public through state licensing of mortgage houses will come before the June 5 meeting of the division.

New Legislation
Initiation on the part of realtors of practical measures to eliminate issuance of real estate bonds by irresponsible companies will be discussed. A bill applying a license plan to mortgage houses is now before the New York legislature and a license measure for real estate bonds is expected to be presented to the Illinois legislature at its next session. In protecting the public against undesirable mortgage practices as they are developed over the United States. This standardization of financing practices will be a second topic on the June 5 program.

A symposium on the financing of home buying by extending payments over a long term will open the sessions of the division June 3. Canadian as well as American mortgage practices will be reported. The part of the second mortgage in such financing will be discussed.

Building a mortgage business will be the general topic of the June 4 program. The function of land banks will be discussed in relation to regional development.

Capital Gains Tax Is Hindrance to Sales

(Continued from page 5)

sales, long term leasing has been resorted to and many attempts have been made to execute leases which are, in effect, sales on the installment plan.

"We believe that at present many sales of real property are not consummated because of the uncertainty of the owner as to the resulting income tax which he will have to pay."

Cutting out taxation of capital gains and of deductions for capital losses has been recommended by the federal tax simplification board as one of the most effective measures that could be adopted to simplify the revenue act.

No Revenue Gain
The board in its report of December 3, last, to the House of Representatives held, "It is generally agreed that if capital gains had been eliminated as income and capital losses as deductions at the outset the Government would have been far ahead in revenue. The best considered opinions of accountants, actuaries and economists appear to us to indicate that the elimination of both capital gains and capital losses even now would result in no decrease in revenue to the government over a period of years. "These questions of valuation, requiring the exercise of discretion, in which honest differences of opinion are bound to arise, are not only difficult of solution but are largely responsible for the present arrears in the work of the income tax unit."

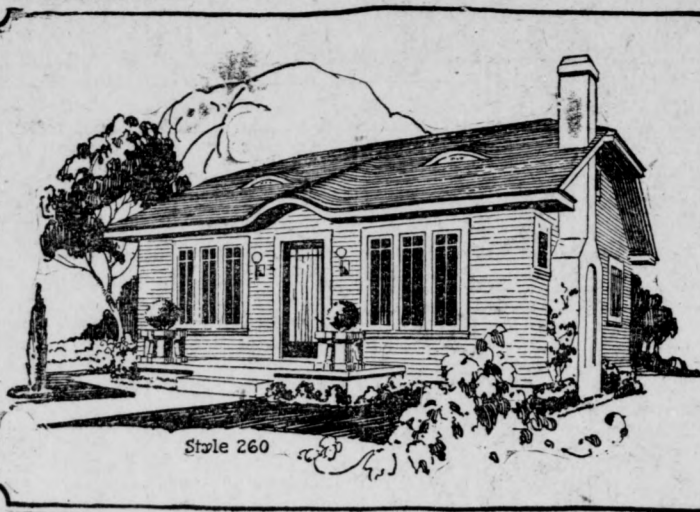

Complete Plans For Hawaiian Island Trip

LOS ANGELES, April 12.—Though most of the recent plan of the Chamber of Commerce has been indefinitely postponed on account of the hoof and mouth disease epidemic, plans are rapidly being completed for an inter-country trip.

In May, the Hawaiian Chamber of Commerce and other civic bodies of the island, are coming here to inspect and enjoy themselves. The complement will be returned by the Los Angeles Chamber of Commerce, which includes members throughout Southern California on June 21. This will be of especial importance to importers and exporters throughout Southern California.

Shows Artistic Touch

Incorporation of novel ideas in the interior construction of this small home adds to the convenience and the appearance of the building, giving a greater amount of needed space.

Style 260

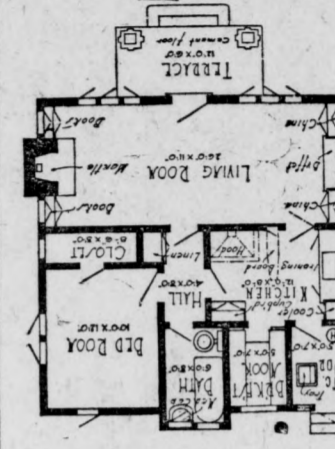

A small home may embody many artistic touches of architecture without adding appreciably to the cost. The home shown here is a splendid illustration of economy in building and yet there is nothing superfluous. Instead of the dining room being separate from the living room, the two are merged into one so that the front part of the house is spacious in appearance. This saves wall space between and this of course cuts down cost. A breakfast nook is provided and it is really so handy that few owners of this design ever wish to eat in the space provided in the dining room. This home, while small, embodies all the necessary conveniences, such as cup-board space, cooler, built-in ironing board, china closet, buffet and linen closet.

The exterior of the home is very attractively planned and it embodies a rolling type of shingled roof. The windows are of modified French design.

These plans are furnished by the Low Building Company, 416 East Colorado street, authorized distributors of Pacific Ready-Cut Homes.

Request Taxpayers to Send in County Levy

LOS ANGELES, April 12.—Taxpayers were warned today to speed up the payment of the last half of the county levy for 1923, when Colonel Welch declared that, unless the payments are made soon, his office will be unable to handle the crowds prior to April 28, the closing date. About one-third of the last half of the levy is unpaid or more than \$17,000,000.

Committee Invited To Inspect Valley

President Henry P. Barbour of the California Real Estate association has issued invitations to the seventy members of the State Association Colorado River and San Juan Basin committee to visit the Imperial Valley and see the Colorado river and Imperial district headings and flood protection first hand. He has appointed W. I. Hollingsworth, realtor of Los Angeles, as the committee chairman, and replies from committee members indicate an attendance of forty or fifty. The first session of the committee will be held Saturday afternoon, April 12, at 2 p. m. at the Hotel Barbara Worth, and there will be a dinner at 6:30 o'clock. On Sunday the committee will go to the river, and return home Sunday night. Many realtors will drive to the valley but quite a number will take the

U. S. C. WILL GIVE REALTY COURSE

Extension Classes to Cover
Wide Range in Study;
Diplomas Issued

The University of Southern California, which has contributed much to the solution of the educational problem of real estate brokers, just announced a correspondence course in general real estate. The course is an extension of its evening class instruction to meet the insistent and growing demand for training which comes from those who are not so situated as to be able to attend classes, says an announcement by the California Real Estate Association. It is based upon text material presented in the evening class lectures together with a great deal of new matter prepared especially for the correspondence course by California realtors of note.

Chairman Harrison Lewis of the state association educational committee says: "That a course of this nature has value for anyone entering the real estate business is self-evident. The wonder is that the need for it did not force its preparation years ago. Looked upon merely as an investment, the course will repay its cost over and over again through increased sales. In addition it will enable the inexperienced broker to undertake his work with greater assurance and hence with greater pleasure. The person who faithfully pursues this course will find that it will carry him well along the way toward professional achievement."

Lessons in Course

"The various lessons of the course cover the following topics: The real estate law, real property, encumbrances, contracts, mortgages, trust deeds, deeds, escrows, title insurance, taxation and assessment, appraisal, mechanic's liens, building contracts, court decisions, office organization, residential, business, industrial and farm property; subdivisions, advertising, selling, financing, leases and rentals, management of property, fire insurance, city planning and zoning."

"A handsomely embossed certificate will be granted to those who complete the course satisfactorily."

Full information concerning registration in the course may be had by addressing the California Real Estate Association, 226 Merchants' National Bank Building, Los Angeles, Calif.

Midnight train Friday, April 11, President Ray Edgar of the El Centro Realty board is in charge of Imperial valley arrangements for the trip.

Acacia Hills Owners To Launch Sales On Second Unit Of Tract Tomorrow

A new and greater unit of beautiful Acacia Hills will be opened for public sale tomorrow! The first unit one hundred per cent sold to enthusiastic homeseekers and investors, this second unit has been placed on sale to keep pace with that phenomenal development typical of Glendale's growth.

Demand Is Brisk
In the path of that development that has made Glendale the world's fastest growing city, Unit No. 1 has become the scene of busy activity. Improvements have been installed, homes have sprung up and development has gone ahead until today the opening of the second unit, far in advance of the original development schedule, has become a necessity.

"Unprecedented development, as witnessed by the ever increasing demand for property in the hills of San Fernando, Glendale, and the building activity at Acacia Hills, has practically forced us to place on sale our second unit," said Karl W. Martin, sales agent for the property. Though coming at a time far in advance of our original development schedule, we nevertheless are prepared and ready to offer this property for public sale, and, in placing it on the market, we pledge ourselves to that same spirit of co-operation with homebuilders and investors that has played such an important part in the development of Unit 1.

"We will rush the installation of improvements, assist homebuilders and in every way co-operate with purchasers. To such a policy of co-operation we attribute to a large extent the remarkable development in Unit No. 1 and we intend to carry it through in our handling of this new unit."

Measure of Success
"Sales have commonly come to be accepted by many as the measure of the success of sub-division property. We have enjoyed enviable sales records at Acacia Hills, and yet, in my opinion, the most convincing evidence of the soundness of property values here and their certain increase, is the building activity that has taken place. In unit No. 1 four homes have already been practically completed, while thirty-eight property owners have specified their intention of building in the immediate future. Correspondingly the installation of improvements is being rushed to completion. Gas, water, electricity and telephone connections are now being installed. Initial grading work has been practically completed, while curbs, sidewalks, and streets will soon be laid."

"The part this activity will play in the subsequent development of Unit No. 2 is self-evident. Possessing all the advantages of Unit No. 1, quiet rolling foothills within easy access of business and educational centers, with the additional advantage of the momentum already created by the activity in the first unit, this second unit is certain to even better our previous sales records."

Sub-dividers' Guide Aids City Planning

A unique guide intended to make possible the subdivision of new suburban areas in accordance with the most advanced principles of city planning has just been prepared by the Board of Public Land commissioners in co-operation with the Milwaukee Real Estate board. The guide is addressed to realtors, owners, engineers and agents who expect to handle subdivisions. It will be made part of the library of the home builders and subdividers' division of the National Association of Real Estate boards.

In addition to setting forth the city and state requirements in regard to the platting of land, the guide gives diagrams of suggested platting and information re-

Name Hotel Defendant in Suit For Damages

LOS ANGELES, April 12.—The Los Angeles Biltmore company, operators of the Biltmore Hotel, were made defendants in a \$25,000 damage action filed by Louis Blatz, superintendent of maintenance, who claims he was injured when a sidewalk door on which a ladder was placed was raised by a basement elevator. Blatz was washing windows.

SLASH RED TAPE ON TAX REFUNDS

Change of Procedure Will
Simplify the Filing of
Claims, Is Report

More than 125,000 taxpayers in Southern California who are entitled to refunds on income returns filed during the last six years in connection with the recent community property decision which permits husband and wife to file separate returns, may not be compelled to file amended returns for refund in order to get back their overpayment of taxes.

Collector Rex B. Goodcell received a telegram yesterday, from the Commissioner of Internal Revenue, stating that the Bureau was considering a simplified change of procedure to obtain refunds that may make the filing of amended returns and claims unnecessary.

Cut Out Red Tape
"This means," said Collector Goodcell, "that the bureau plans to cut out the red tape and save the taxpayers an endless amount of trouble in securing refunds. No claims for refund should be filed by any taxpayer until this office announces the simplified procedure which the bureau is working on. I expect to receive definite instructions within the next day or two as to the method to be employed in refunding more than \$3,000,000 to Southern California income taxpayers. Let me emphasize one thing—no claims for refund in this connection should be filed until I announce the procedure to be followed."

Tea was first taken to Europe in the early part of the seventeenth century.

Build with safety

Avoid the risk and hazards that accompany ordinary homebuilding. By entrusting the construction of your home with us you are assured of every protection and our complete service is available at lower cost. As authorized distributors of Pacific Ready-Cut Homes, we secure materials at lowest cost and are in a position to offer you better quality. Our complete service covers everything. You furnish the lot—we hand you the key to your finished home. Call and inspect our hundreds of plans. Book of 125 plans, 50c. Booklet of 20 plans, free.

**Hard Wood Floors
Becoming More
Popular With All**
Twenty years ago it was only in palatial residences that one heard of hardwood floors. Ten years ago it was customary to lay hardwood floors in the front rooms of the average home. Today, all up-to-date homes have hardwood floors in every room, says Vernon C. Tenniss, who is located at 108 W. Colorado Blvd.
The woods used mostly for modern floors are maple, beach, oak, gum and cedar. Housewives all prefer hardwood floors on account of their superior appearance, and the ease with which they can be kept clean.

FIND DEMAND FOR NEW STORE SPACE

Business Block in Burbank Now Being Constructed Is Leasing Fast

The buildings in the new business block at Magnolia Park, Burbank, will soon be occupied, states Earl L. White, owner and subdivider of the tract, adding that a number of the store rooms are already rented and the tenants will start business as soon as construction is completed.

Another building is nearing completion at Magnolia Park, Mr. White states, on Pioneer boulevard, just off Magnolia boulevard. A hardware store and a paint and wallpaper concern will open here.

"With the clearing of the weather we expect tremendous activity at Magnolia Park," says Mr. White. "We know of many homes to start as soon as the rains are over and there is no doubt but that the section will witness a great growth during the summer months."

Realtors to Ride on Special to Conclave

Plans for the all-western special train to the annual convention of the National Association of Real Estate Boards at Washington, D. C., are going ahead steadily, according to an announcement today by the California Real Estate Association. The train will arrive in Washington June 2, the day before the convention opens. California headquarters will be at the New Washington Hotel, opposite the treasury building.

A preliminary survey by the state association reveals that delegations of realtors will attend the convention from the following cities: San Francisco, Oakland, Los Angeles, Pasadena, San Diego, Long Beach, Glendale, Downey, Inglewood, Stockton, Sacramento, Bakersfield and Santa Ana.

The special will be made up at Los Angeles and San Francisco on the same day and will leave Ogden with all California delegations aboard. At Green River, Wyo., it is planned to pick up a delegation from the Northwest Real Estate Association.

Trophy Given in 1924 For Speech Is Found

Roger M. Andrews, formerly a member of the Los Angeles Realty Board, on November 19, 1914, won the Oakland Real Estate Association silver cup, offered to the best five-minute home town speaker at the state convention in Oakland. The trophy was recently unearthed at the Los Angeles board offices by Tom Ingersoll when the offices were moved to the new board building at 621 South Flower street. The trophy was turned over to past State President C. C. C. Tatum, who in turn has presented it to the state association offices. Mr. Andrews is now vice president of the Citizens bank in Los Angeles.

Youthful Runners Ready For Starter's Pistol In Burton Heights Marathon

So keen is the interest that is being manifested in the two marathon races at Burton Heights tomorrow that many fond parents who believe that their boy or girl can outrun any other child of the same age around Glendale that they are calling at the offices of Twining & Myers, 108 West Broadway, to register their entries for the races ahead of time.

However, the condition that has been laid down, that all entries must be made at the track office before 2 p. m., Sunday, is being rigidly adhered to, and the proud parents will have to wait until they get out to Burton Heights tomorrow afternoon.

One race will be for boys under twelve years of age and the other will be for girls of the same age, with a prize of a handsome wrist watch for the winner in each event, and all over the city the ambitious young athletes are practicing flying starts or getting their older relatives or other friends to "clock" them over the courses they have laid out.

Cream of Valley
Lying in the foothills north of Glendale, Burton Heights is described by W. L. Twining as the cream of the La Crescenta valley, where the beauties of nature are still preserved unspoiled in spite of the improvements that have been introduced to insure the comfort of the residents who have already bought, or who will buy, home sites in this sub-division.

"Lots much larger than the average, covered with bearing grape vines, abundant shade trees, graded and oiled streets, water and other conveniences, insure the pleasure and comfort of those fortunate ones who reside here," he declares, "and the protection of Burton Heights home owners from any danger of floods is made doubly sure by the construction of the big cement storm drain that has been built."

"Burton Heights property makes a strong appeal," Mr. Twining asserts, "to the man who wants to erect his home among the beauties of nature and in the privacy that a large lot affords, and who yet wants to be in close proximity to the city and to his business. Wide, smooth boulevards, along easy grades, lead from Glendale up to Burton Heights, and it takes only a few minutes for a resident of this tract to motor to his office, or for his wife and family to come into Glendale to shop or to attend school or the theatre."

The terms at which Burton Heights lots are being sold, it is claimed, make it an easy matter for purchasers to meet the payments of the lots they buy, and buyers are given a deed to the property when they have paid in 20 per cent of the purchase price, a policy, Mr. Twining declares, that is a distinct innovation in the sale of sub-division property.

A record crowd is expected at

Launch Garden Clubs Under Board Auspices

Backyard transformation under the spell of the seed catalogue is the latest touch in city building; and realtor organizations throughout the National Association of Real Estate Boards do not forget that the city whose lawns are green and flower-bordered is not only adding to its community enjoyment but is measurably enhancing its residential real estate values.

The Omaha Real Estate Board is giving away Shetland ponies to boys and girls in a garden contest. The San Antonio, Texas, real estate board is opening for the eleventh year a Beautiful Yards contest with classifications so arranged that factory grounds and business house grounds, as well as home lawns, come into competition for attractiveness, and so that residents of whole blocks or of whole streets get a chance to organize for competition against rival neighborhoods.

The Fort Smith, Arkansas realtors will conduct a contest this spring for the best appearing lawn, block and street.

The Minneapolis Real Estate Board stood sponsor for the city's Garden club, organized in 1912 and now a general co-operative civic institution. It brings together the man who yearns for a patch of land to dig around in and the man who has a vacant lot that ought to be blossoming with sweet peas instead of burdock.

Meredith Will Speak At Farm Land Meeting

E. T. Meredith, former secretary of agriculture under President Woodrow Wilson, will be one of the leading speakers before the fifth district farm land conference to be held Monday, April 21, at the Chamber of Commerce in Sacramento.

Mr. Meredith is one of the prominent farm magazine publishers of the world, and his "Successful Farming" has nearly a million circulation. The program for the conference includes many well-known farm lands operators. A feature of the conference will be the ten-minute talks on each of the farm land subdivisions now being presented to the public.

Chris R. Jones, vice-president of the Sacramento district, California Real Estate association, will preside at the sessions which begin at 9:30 and will be marked by a luncheon and dinner at the Hotel Sacramento.

President Henry P. Barbour of the California Real Estate association, will be among the well-known realtors to have a prominent place on the program.

State Real Estate Commissioner Edwin T. Keiser and President J. W. Mendenhall of the California Approved Land Settlement association, will speak.

SUBDIVISIONS ON ISLANDS PLANNED

Santa Rosa, Santa Cruz and San Miguel May Become New Homesites

SANTA BARBARA, April 12.—Santa Rosa, Santa Cruz and San Miguel islands, discovered by Cabrillo in the seventeenth century, rocky points of land, for hundreds of years the hiding places of smugglers, pirates and outlaws, will be the summer playgrounds for millionaires within a few months if plans being carried out at this time by Los Angeles

realtors are successful. The islands are 30 miles off the coast. Luxurious clubhouses, golf links, tennis courts and island estates, built along the rocky shores, are planned for the islands, which may be seen from the Southern California mainland.

At present sheep raising is the only activity on Santa Cruz. The Caire estate owns the lands. The two other islands, miles in extent, are little developed.

According to Los Angeles real estate men in Ventura today, arrangements have already been made for the subdivision of the islands.

Cylinders in high grade engines must not be more than one thousandth of an inch from standard size.

Schools of fish often can be located by the flocks of gulls which follow them.

Tax Assessments on Income Show Increase

Tax assessments on income reported in Southern California for the calendar year 1923, which were handled by the accounts section of the internal revenue bureau, reached the huge total of \$39,290,985.

The outstanding feature of a report sent to Washington by Collector Rex B. Goodcell was that the tax assessments on current income returns filed up to March 15 showed an increase of \$12,778,587, or 48 per cent, compared with the corresponding period of 1923.

"Here is further evidence that Southern California is the nation's 'white spot,'" said Collector Goodcell.

News Want Ads Bring Results

Ten Cities Entered in Contest For Cup

Ten cities have already entered the annual contest for the Chicago Real Estate Board cup at the seventeenth annual convention of the National Association of Real Estate Boards in Washington June 4, according to Secretary Herbert U. Nelson in a letter to the California Real Estate Association.

These cities are Nashville, Tenn.; Battle Creek, Mich.; Border Cities, Ontario; Denver, Colo.; Portland, Ore.; Oak Park, Ill.; Council Bluffs, Ia.; Canton, O.; Lynchburg, Va., and Charleston, W. Va.

The contest is limited to twenty cities, and the closing date for entries is April 16. Then the twenty cities to participate will be drawn by lot. Unofficial ad-

vices from California cities are that the following boards will enter the national contest: San Francisco, Los Angeles, Pasadena, San Diego, Glendale.

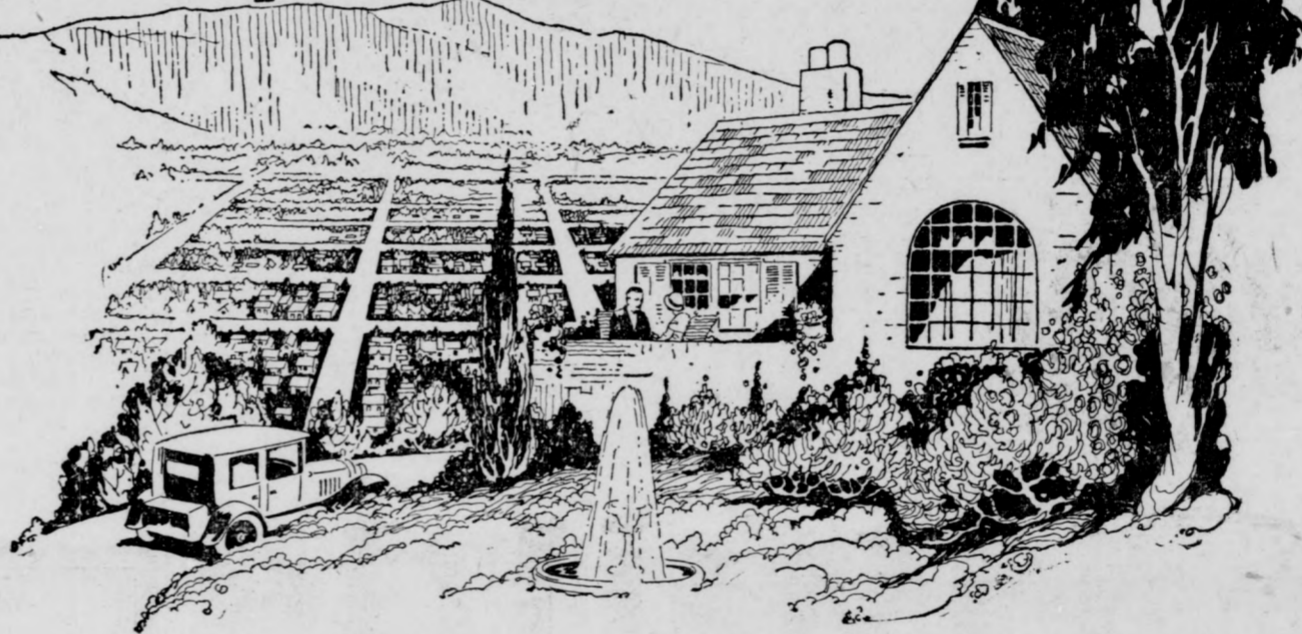

Last year Fred E. Reed, representing Oakland, won the national trophy.

Tatum to Attend Meet Of National Officers

National Vice-President C. C. C. Tatum will attend the quarterly meeting of the national association directors and officers at Chicago April 4 and 5, and en route east will address the realty boards at Phoenix, Ariz., and Albuquerque, N. M., which are in his jurisdiction. He will return to California by way of San Francisco, and will be the guest of honor of the Pasadena Realty board at its Ladies' Night in April.

A new and greater unit of Beautiful Acacia Hills

"The Coolest Spot in Glendale"

Grand Opening Sunday

Public demand, fostered by the ever increasing development and activity at Beautiful Acacia Hills, has necessitated our opening a new and greater unit.

In placing this second unit on sale we pledge ourselves to the furthering of the same policy that has made possible the phenomenal development in Unit 1. We will cooperate in every way possible with homebuilders; rush the installation of improvements.

Visualize the history of this gentle rolling foothill property. Secluded in its own natural beauty, this tract is today the very center of activity. On every side there is highly improved property. Ad-

jacent to it is an already established home community. Homes have sprung up; improvements, gas, water, electricity, and telephone are now being installed; grading work has practically been completed; curbs, sidewalks, and streets will soon be laid.

This choice property will not last long. Hillside homesites are going at a phenomenal rate. To early buyers will go the choice locations—at exceptionally low opening prices.

We advise you to pick yours out TODAY!

PROGRAM STAGED FOR MUSIC CLUB STIRS APPLAUSE

Mrs. Jones Bids Members
Farewell on Eve of
European Tour

An enthusiastic reception greeted the trio of artists who were presented by the Glendale Music club at the regular meeting last night at the Tuesday Afternoon clubhouse. The meeting was of more than ordinary interest for, in addition to the splendid entertainment, the president, Mrs. Mat-tison B. Jones, in greeting her club in welcome, also bade them farewell, as this will be the last time she will preside over the organization before leaving for an extended tour in Europe.

Those appearing on the program were Enona Hopkins, well-known harpist, and Gertrude Cleophas, pianist, resident members of the club, who are to represent the organization at the convention to be held at San Francisco, and Freida Peycke, composer-interpreter, an honorary member, whose talented performances and charming personality have long endeared her to the music lovers of the city who welcome her upon each returning occasion with happy appreciation.

Program Is Varied
Classic numbers by Enona Hopkins were "Fantasia" (Dubois), with Gertrude Cleophas at the piano; "Romance" (Rubenstein), "Barcarolle" (Zabel), and the closing number "Twilight Hour" (Ohbertur), and two beautiful numbers given as encores.

Thoughts of a home was the theme running through the first group of numbers by Freida Peycke, who accompanied her own compositions while she gave most delightful interpretations of these poems, each one of them a gem: "To a New Little House," poem by Rosanna Blecker; "The House with Nobody in It," by Joyce Kilmer; "The Little Gate Bed," by Anne Campbell; "It," anonymous;

Glen Oaks Developments Reveal Rapid Progress In Tract's Improvement

Every day marks new developments at Glen Oaks, the beautiful Scholl canyon tract in northeast Glendale, and the hundreds of visitors who have inspected the property within the past few weeks would be much surprised if they could see how rapidly the big steam shovel is cutting the boulevard through to Pasadena, according to John R. Powers of the Glen Oaks syndicate, owners and developers of the immense rancho.

All utilities are now in, he reports, and more houses are being added daily to the number of attractive residences planned for Glen Oaks. One of the most attractive features, from the business man's angle, is the bus service that is to be operated between the tract and the car line. The community center project also is one that should be carefully investigated by every prospective home-owner, declares Mr. Powers, as this tract offers neighborly and social advantages not to be found elsewhere.

Flowers Blooming
The continued rains, moreover, are transforming Glen Oaks into a fairy garden where live brooks splash, a thousand varieties of

"Cheer Up, Honey," by Elizabeth Gordon; "The Ballad of Mary Ann," by E. L. W.; "Is Marriage a Failure?" by M. Marshall.

The second group was composed of little sketches of child life, "The Whimsies" of boys and girls. The first of these was "My Cat, Timothy," by Rose Fyelman; "The Canary," by Rose Fyelman; "The Sugary Shipwrecked Zoo," "Corporal Punishment," "A Rainy Night," "A Name for a Boy."

Miss Peycke was called back repeatedly by the delighted listeners, and completed her program with interpretations of "Us Twins," "Falling in Love," "Chums" and "Mother Dear."

Aid Scholarship
The president in her greeting announced the final results of the presentation of the oratorio, "Elijah," which leaves the sum of \$350 to be applied on the scholarship fund, that is to be presented to Miss Elizabeth Mottern, vocalist, to assist in defraying her expenses during a summer of study in Chicago. Miss Mottern was in-

flowers, shrubs and trees rise from the rich green carpet and a myriad birds call.

"Where else, either in Glendale or elsewhere, can such an ideal home location be found?" asks Mr. Powers. "The thoughtful buyer must realize that property like this is not only difficult to find but is exceedingly limited and is going fast. While Glendaleans wait, home-seekers from Los Angeles, Hollywood, Pasadena and other points are buying up these fine lots."

Glen Oaks is but five minutes from Brand boulevard and Broadway, by auto. It is reached by driving north on Verdugo road to Sycamore Canyon drive, then east to Sierra avenue and thence to the tract. Bring the family and come out Sunday. It is an ideal picnic spot.

Greek Republicans Certain of Victory

ATHENS, April 12.—Republicans are confident of victory in tomorrow's plebiscite to determine public sentiment on the future form of government.

roduced and voiced her thanks and appreciation of the honor.

Mrs. Jones also took this occasion to thank the board members, committee and singers for their co-operation in assisting to make the affair such a success.

Announcement was made that Mrs. Dora Gibson, first vice-president, will appear on the program at the state convention, with a paper on co-operation, and that the artists' section will meet at an early date at the home of Mrs. Ball, 1447 Cleveland, near Kenneth Road.

High Lights On Old Home News

By Southland News Service

WISCONSIN
SHELL LAKE—Charles Johnson, bachelor, fainted and fell over the cook stove. A neighbor heard his moans and rescued him.

MILWAUKEE—Telephone, electric power and street railway companies have suffered an aggregate loss approximating \$2,000,000 from sleet storms and sudden cold spells this year.

OHIO
DAYTON—Daniel Johnson died on his sixty-first birthday anniversary after breaking a forty-seven-day fast. He started fasting in February to rid himself of stomach trouble. His wife started fasting four days later. She will recover.

PENNSYLVANIA
PITTSBURG—Andrew Galos, McKees Rocks, was recently arrested charged with branding Miss Ruth Hauck, 18, of Connelville, with a hot curling iron because she refused to carry out certain orders.

PHILADELPHIA—Mr. and Mrs. Fisher had minds of their own. This was demonstrated when Mrs. Fisher bobbed her hair against her husband's wishes, and Fisher, a baker, shot himself in the temple. Physicians say he will recover, but Fisher says he wants to die.

IOWA

DECORAH—The first snake story of the season has come to light. George Higgins was walking through the pasture on his farm when he saw what he thought at first was a stick. It moved and he saw it was a snake. He hit it with a rock but did not entirely disable it. He knew that the snake's mate must be near and soon saw it. This he caught and in a few minutes also the other. They were bull snakes. One measured over six feet and the other over five.

MASSACHUSETTS

BOSTON—When Mrs. Ellen Connolly recently tried to rouse her sleeping son, she found him overcome with escaping gas. Attempting to save the boy, she herself fell unconscious. Both recovered.

MINNESOTA

TOWER—Deputy Game Warden Harry Anderson and his son, Glenn, narrowly escaped drowning when their car went through the ice at the narrows at the west end of the Isle of Pines. Anderson had to cut a hole in the top of the car to get his son out.

DULUTH—A building is to be erected here at once for the segregating of smallpox patients.

ONTARIO

ST. CATHERINES—An influx of unemployed has struck this city, resulting in the police depot, Y. M. C. A. and many taxi garages being filled with workers awaiting the opening of construction on the ship canal.

IROQUOIS FALLS—Henry D. Jewett and two infant children were burned to death in a fire which destroyed their home here. Mrs. Jewett, the only surviving member of the family, escaped a similar fate by jumping from a second story window.

WYOMING

CASPER—Gone are the days when Casper could be described as a town of the ungodly. Since the first crusade against wild life that marked the first discovery of Wyoming oil, the city has been on a steady upgrade morally, in spite of strenuous efforts on a small part of the citizenry. But now comes the final blow. Not even a "coke" can be sipped on Sunday if present plans to enforce rigorously all Casper "blue laws" are carried out. All business establishments save those dealing in perishable commodities will be closed. Ice cream, bread and dairy products can be distributed, but soda fountains are to be closed and most of the things sold in confectionery stores will be on the forbidden list.

CASPER—Ray T. Grace, sentenced to serve six months in the county jail and to pay a fine of \$2,000 following his conviction for the illegal possession and transportation of liquor, has appealed to the supreme court. He was released on a \$3,000 bond.

UTAH

SALT LAKE CITY—The Utah State Automobile association was informed by an automobile traveler from California that he had been charged \$1.50 at the state line for fumigation and other incidentals in connection with Utah's quarantine against California in an effort to prevent the spread of the foot and mouth disease. W. D. Rishel, secretary of the touring bureau, immediately notified state officials of the man's complaint and an investigation was promised.

WASHINGTON

SEATTLE—Twelve carloads of lemons and oranges which arrived in Seattle aboard the steamship H. F. Alexander were held up by quarantine officers of the state Department of Agriculture because of the restrictions placed on shipments of fruits and vegetables from the region in California affected by the foot and mouth cattle disease. The fruit was allowed to be delivered after it had been fumigated.

OREGON

PORTLAND—The British steamship Dundrennan, en route here from Kardsu, Japan, which port she left March 20, has lost her charter. She was to have taken a

wheat cargo at Shanghai, under engagement with Balfour, Guthrie & Co. Arrangements have been made to ship the wheat intended for the Dundrennan to Shanghai in the steamship William Cam-pion.

BRITISH COLUMBIA

WOODSTOCK—Colantha Mercena Ormsby, the 3-year-old Holstein cow which topped her class in the 305-day division of the R. O. P. tests completed in January, has been sold by her owner, J. W. Innes, of Woodstock, to the Japanese government for \$1,000.

VANCOUVER—The acreage devoted to potatoes in the province of British Columbia in 1924 will be much larger than it was last year, according to C. Tice, chief agronomist and potato expert at Victoria.

BETTER BUSINESS AT LINEN STORE

W. G. Lauderdale States Big
Increase During Past
Three Months

The first three months of 1924 have been the best in the history of the Irish Linen store, 117 North Brand boulevard, according to W. G. Lauderdale, proprietor.

"We have indeed been enjoying a fine spring business," Mr. Lauderdale says. "The latter part of March this store broke all records and in general we find we have been doing from 50 to 100 per cent better than the first three months of 1923, with every indication that business will continue good throughout the spring and summer."

"While the exceptional values offered by the Irish Linen store have a good deal to do with the fine business we are doing, I believe that there is a generally healthy condition in Glendale and the public is buying eagerly where prices are right."

The Irish Linen store specializes in high grade linens and domestic woolsens and silks.

The average number of days attended by each pupil in urban schools is 143 each year.

We Have Confidence In the Future of Glendale

And are backing that confidence by spending thousands of dollars in improvements in

EAGLE ROCK

THREE BOOKS ARE NEW AT LIBRARY

Works of French Astronomer
Added to Section of
Psychical List

Addition of a group of scientific books by Camille Flammarion to the list of psychical books in the Eagle Rock branch of the Los Angeles public library is announced by Mrs. Blanche A. Gardner, local librarian.

Flammarion, as many know, is the foremost French astronomer and authority on matters psychical. This topic is always a popular one, Mrs. Gardner feels, and the new books are being eagerly sought after.

The first volume is entitled "Before Death," and attempts to prove the existence of the soul independent of the body, involving intuitions, telepathy, dreams, etc.

The second volume is called "At the Moment of Death," and explains the apparitions of the dying and hints at many unknown forces of nature of which the living are ignorant. The last volume is called "After Death," and the author feels that he explains scientifically the life of the soul after the material body is laid away.

He also holds forth to the theory of transmigration, and feels certain that under favorable conditions the dead may communicate with the living.

Urges C. of C. Support
H. G. Warren, chairman of the Chamber of Commerce committee that recently issued the Eagle Rock descriptive booklet, stresses the need for the people of the community getting behind the chamber.

"Let us all get on the band wagon and boost," he says. "It is a milestone in a man's life when he comes out of his hiding place and begins to live, labor and help build up his city in a civic, ethical and commercial way. This builds our town into one fine bundle of life. It brings accord, prosperity and happiness. Eagle Rock is 100 per cent American. If we can make our Chamber of Commerce 100 per cent efficient, we will have made certain a great new future for our beautiful valley."

Frank Morgan, of Hartwick street, has been called to go to a hospital and have his limbs placed in a plaster cast as the only hope of complete recovery from the serious accident he met with some months ago. As the treatment will take six months he has sold his property at the above address. J. B. Kendall of Hollywood is the buyer.

Hear from Stellers
The many friends of Mrs. E. A. Steller, who lived for four years at 320 North Ridgeview avenue, will be glad to know that her children are all doing well. Virginia is teaching in junior high school in Maricopa, Calif., where she took a position in February; Mary Elizabeth is in the Hollywood High school this year, teaching, and Josephine is vice-president of the freshman class at Occidental College. Woodley Steller took his M. D. degree at Harvard in June and is now in Boston at the Peter Bent Brigham hospital, taking his internship under Dr. Cushing, who was for seven years president of the American Medical Association. The Stellers are now making their home in South Pasadena.

Arrest Truck Drivers Under Plague Rules

MONTEBELLO, April 12.—Seven employees of the Lyons Trucking company of Torrance were arrested here in the wee small hours of morning by Deputy Sheriff Hossack and Hackett and taken to the county jail, charged with violating the foot and mouth disease quarantine regulations. F. Couden, foreman of the gang, and resident of this city, had no permit for the removal of oil pipe, it is alleged. Others arrested with him were J. T. Price and Carl Mynatt of Torrance; E. E. Standish and Boyd Hudson of Lomita; and M. A. Bardick and C. H. Ely, no address given.

There is no diseased cattle in this area and it is thought the men will be able to get free, although it will take some time to get others who violate the quarantine regulations, the sheriff's office states.

Seeks Reductions in Rates For Telephone

LOS ANGELES, April 12.—The city of San Bernardino has filed a complaint with the state railroad commission office here against the Associated Telephone company, applying for a reduction in telephone rates in four annexed territories which have been brought into the city recently. It is alleged that the present rates are unjust. Some subscribers within one mile of the exchange paying more, it is said, than those farther away.

Inspectors Look at Cattle Found Dead

SAUGUS, April 12.—Deputy Sheriff Bobbie Dunn today is showing inspectors from the state board of health the cattle in Bouquet and Texas canyons north of here which he believes have died from the foot and mouth disease. They were on the range.

Heated lemons produce more juice than those that are cold.

BURBANK

PROGRESS SHOWN IN SEWER PLANS

Engineer Submits Report on
Disposal System to
Trustees of City

Another step forward in the efforts being made by Burbank to obtain a sewer disposal system has been consummated in the filing of a report with the City Trustees by Olmstead and Gillespie, special engineers engaged to check the plans drawn up by F. Curt Miller, city engineer.

The report with the exception of a few minor changes was practically same as prepared by Mr. Miller. It was this report which has been holding up the project for the past month or more. Now that it is in, the work will be pushed as rapidly as possible.

The next step in the proceedings will be the adoption of the resolution of intention to construct the sewage disposal plant and the trunk and lateral system for the sewer. Attorney Crouch, who has the preparation of this resolution in charge says that he will have it ready within two days. Consequently it will, in all probability, be ready for adoption by the board at its meeting next Tuesday night.

Closely following the resolution of intention will come the call for bids and the letting of the contracts for the construction of the system. Consequently, unless something unforeseen turns up to further delay the matter, it will not be many weeks until actual work on Burbank's long looked for sewer system will be in progress.

Plan New Drill Track
West Burbank will have a drill track to serve the china and aluminum factories, and in addition other factories and sites, if a plan now under way goes through.

The plan is to start the track from the block signal station on the Southern Pacific right of way, and pass through the property of the aluminum company on the east of the Empire plant, then the Empire company's property, giving them service, and on to the aluminum ground on which the buildings are located, the latter company owning ground on both sides of the china factory.

There will be a free band concert at the Thomas A. Edison school auditorium 3 o'clock Easter Sunday afternoon, April 20, by the Burbank Municipal band. There will also be a registering by states, it is announced, and many old friends are expected to be brought together again.

MONTROSE

ASKS COMMITTEE FOR CIVIC WORK

Consolidated C. of C. Planned
To Represent Towns of
Foothill Region

A special meeting of the Chamber of Commerce was called by request of H. N. Fowler, who wished that organization to appoint a committee of five men to work in arranging civics matters. About 20 people answered the call.

Mr. Fowler's idea is to have five men or women appointed from the Chamber of Commerce, five from the Improvement association, and five from the Association of Commerce. These fifteen men will be called the La Crescenta Valley Consolidated Chamber of Commerce and will virtually control civic matters here, in fact, the only situation beyond their control would be the water question, rates, etc. The five members of the La Crescenta Improvement association are not yet appointed. Mr. Fowler also intends getting out a city directory free of charge to all.

Pianist Makes Hit
The Community Sing was exceptionally well attended this week, many turning out to hear that popular local concert pianist and teacher, Arthur Crowell, who was very well received.

Next week the sing will be held in the La Crescenta schoolhouse and on that date \$5.00 will be given as the prize for the best name to give the chorus. A number of prominent business men have consented to act as judges in the contest. The only rules are that the name must not be Verdugo City, La Crescenta or Montrose Sing.

Funeral services for Mrs. Eva Long were held yesterday at the Jewel City parlors, interment being in Grand View cemetery. Mrs. Long, who was but 56 years of age, is survived by her husband, Frank Long, and two daughters, Mrs. W. E. Wickham of Burbank, and Mrs. John Barkard of Cleveland, Ohio, and two sons, George Long of 600 East Palmer avenue, Glendale, and Roy Long of La Crescenta.

Traffic Officer
A special police officer is on guard at the busy intersection of Montrose and Honolulu avenues, turning back tourists with dogs and pets.

Hiram Cox has added an attractive addition to his Montrose avenue real estate office building. The new addition will house the Central Market to be operated by F. A. Cloutier, who holds his opening today and tonight. The store is on the southwest corner of Montrose and Ocean View avenues on the car line.

Now that you've got a good hair cut just step across the store and

COMMENT

That's All Selling Golden State Tip For New England Some Observations Schools Come First

By Gil A. Cowan

Glendale has before it a campaign for advertising funds. This writer can do nothing better than to pass on an article appearing in the Boston Post last Sunday in which Charles A. Gleason, president of the Edward T. Harrington company, urges New England to boost as Californians do. He visited Los Angeles and surrounding towns and here is what he has to say:

"Californians constantly 'sell' California as the best place in the world in which to live. They conduct advertising campaigns, moving pictures and every conceivable form of publicity. Not only do they talk California, but they eat, sleep and drink it. They have become so obsessed with the idea that it is the best place in the world in which to live that it would be worth a visitor's safety to deny it."

"Their advertising is done principally through the newspapers. In Los Angeles all of the newspapers are filled daily with alluring advertisements setting forth the city's attractions. Incidentally, the press co-operates to the limit in promoting all improvements. The railroad companies also help to boost California by their excellent service. These factors are in the main what has caused the price of land to soar in that section during the past few years and so many developments of vacant land to be completed successfully."

Some observations made by Mr. Gleason about the West are quite interesting. He was very much impressed with the harbor of San Pedro, which is the port of Los Angeles. It has expanded tremendously in the past three years, forty-eight steamship lines now touching this port. From all present indications, he believes, many more will stop there during the next few years. He was very greatly impressed with the system of state highways and boulevards which have been completed or are now in the process of construction. Some of the main thoroughfares, he said, that are now eighty feet wide are to be increased to a width of 120 feet to provide for the constantly growing traffic.

"Between Hollywood and Los Angeles," Mr. Gleason continued, "is a large area which two years ago was nothing but a barren waste. Today it is covered with beautiful dwelling houses and boulevards, and before another year has passed there will be no vacant land left. Hollywood continues to be one of the fastest growing suburbs in California. In Pasadena the famous Orange Grove avenue now has many rivals for artistic beauty and wonderful homes. Immense areas formerly bedecked with orange groves are now being subdivided and sold for house lots."

The school systems of the far West were praised highly by Mr. Gleason. "One thing that is very noticeable in California," he declared, "is its excellent school system. Los Angeles is continually erecting beautiful school buildings to meet the ever-increasing demand. Education comes foremost in the minds of everyone in the far West. Some of the towns having a population of not more than 400 or 500 have schools of which larger Eastern towns might well be proud."

"First comes the school, then follows the home building. The state, county and town all co-operate with improvements and developments. In fact, everyone seems to go hand in hand, each helping the other. The Western people are very sensitive about criticism of their enthusiasm. Their explanation of their over-zealousness is that if things are not as they represent them to be, they aim to make them so as soon as possible."

In discussing the source of the recent purchasers of California land, Mr. Gleason maintained that the present purchasers of land in that state are from the Middle West, Iowa, Nebraska, Kansas, with quite a few from Pennsylvania and Illinois. In the last six months many Canadians have settled in that vicinity.

"The great Middle West is by far the largest feeder for California," Mr. Gleason added, "and the travel could be diverted to our New England shores and country, but it means persistent, consistent and extensive publicity to bring this about." "Why not boost New England as the Californians boost their section of the country?" he asks pointedly.

Asks Extension For Transportation Line

LOS ANGELES, April 12.—Pickwick Motor Transportation company today applied to the state railroad commission for the right to extend their Los Angeles-San Francisco service to Long Beach; also to Santa Monica and by way of the new coast road to Santa Barbara.

TUJUNGA

CRIME IS TOPIC OF KEYES' SPEECH

District Attorney Addresses
Kiwanis Club Members
At Weekly Meet

District Attorney Asa Keyes was the chief speaker at the weekly Kiwanis club luncheon, and spoke on "Crime and the Criminal." A large and appreciative audience heard his address.

A committee of Kiwanians was appointed to take charge of the Easter sunrise service program, arrangements for which had been started by the Tujunga Valley Realty Board. The Kiwanis club will arrange an attractive program for the Mt. McGroarty service, which is an annual affair. The complete program will be announced as soon as completed.

The feature of the monthly Chamber of Commerce meeting was the announcement by President L. H. Fisher that the board of directors will ascertain whether or not the inclusion of items for the building of a reservoir in Big Tujunga canyon and check dams in Haines canyon in the proposed \$35,000,000 bond issue means that the money will be spent there, or whether it will be discretionary with the county supervisors to spend it somewhere else, as happened to the \$35,000 allotted to work in Haines canyon in the last bond issue.

Supervisors Right
Mr. Fisher said that the Chamber of Commerce committee had investigated the disposal of the \$35,000 in question and had found that the supervisors were acting within their rights in diverting the money, notwithstanding the fact that the call for the bond election specified that the money was to be used for controlling flood waters in Haines canyon. Mr. Fisher said that if the money is to be used for the purpose stated, everyone in Tujunga and Sunland should be a booster for the issue, but, if the history of the \$35,000 is to be repeated, the committee would take steps to let the voters know the facts.

A request from the Chamber of Commerce of La Verne for a contribution of \$100 for the advertising of the flood control bonds was turned down, the Tujunga president said, because of lack of funds.

A resolution opposing the further construction of highways unless provision is made for subways and overhead crossings where they intersect railroads was adopted without debate.

Grade Separation
George Buntin, secretary of the Van Nuys Chamber of Commerce, addressed the members and discussed the problem of separating the grades of the public highways from those of the steam and electric railways, and said that the main question is one of cost and who pays it. Mr. Buntin declared that the Chamber of Commerce is the only organization that works for the general good of the community or is in a position to advertise the community.

Following the reading of communications and bulletins on the hoof-and-mouth disease, the meeting was adjourned.

The Tujunga valley realtors are making a statewide effort to dignify the profession, and at the regular weekly luncheon, a class was organized to take a series of lessons in real estate law, forms and transactions arranged by the University of California. Major P. J. Blake, president of the Tujunga Valley Realty Board, says that they hope to have a class of at least a dozen, and that he believes that the course will benefit, not only the individual members, but will make the board a much stronger and more effective organization.

Ordinance Prohibits Burning Oil Sumps

HOLLYWOOD, April 12.—No longer will the black clouds of smoke belch forth from flaming sumpholes in the abandoned oil fields here. A Los Angeles city ordinance, effective immediately has been passed by the council and the authorities today are ready to prosecute the next offender.

Subdividers had the happy thought of burning out the old sumps to quickly prepare their lots for sale along La Brea avenue. But they reckoned not with the breezes wafting the pall of smoke this way and casting a pall of smoke over the Hollywood film plants and residences which are not to be done in oil—not yet.

Start Investigation of Wheeler Charges

WASHINGTON, April 12.—The Senate today took its first move in the investigation of the Montana indictment of Senator Burton K. Wheeler, "acting prosecutor" of the Daugherty investigating committee.

Senator Borah, Republican, Idaho, chairman of the special committee looking into this indictment, issued subpoenas for the following: Gordon Campbell, Great Falls, Mont.; James Baldwin, attorney-at-law, Butte, Mont. (partner of Senator B. K. Wheeler); former Congressman Tom Stout, Lewistown, Mont.; C. L. Stevens, Great Falls, Mont.; L. V. Beaton, Great Falls, Mont.; and Blair Coan, agent of the Department of Justice, Great Falls, Mont.

LA CRESCENTA

CHILD IMPROVES AFTER INJURIES

Family of Leoma Crowell In
Message of Thanks to
Host of Friends

The family of Leoma Crowell, the little girl who was so badly injured last month by being run over with a truck, have requested this paper to publish the following announcement: "We wish to extend our thanks to those who have so kindly helped and who have offered their assistance to us in our hour of need. Our little daughter and sister, Leoma, who is at present in the Glendale Research hospital, is recovering quite nicely. Signed:

"Mr. and Mrs. D. C. Crowell, Lee, Roy, Vern and Arthur Crowell, Mr. and Mrs. Edward R. Clark."

Si Slocum once more made his bow to the public in Tujunga, this time where the audience was as large as could be expected. However, they were appreciative and enjoyed the jokes on Rainbow Valley, Too-Hungry Corners and a few more which were made up on the spot by the members of the cast. The proceeds go to the Parent-Teacher association.

Don't forget, tonight is the night of the Big Balloon dance, when hundreds of the gay balls will be used for decorations and more for the use of the dancers. With Mrs. Mark S. Collins and Mrs. J. S. Martin in charge of the dance, it is sure to prove a success. There is also to be an extra large supply of goodies on hand for the refreshment tables and, best of all, good music. The Stanley orchestra from Pasadena has been secured and that is enough to know. The dance as usual will be given in the schoolhouse.

Burton Heights Races

Sunday, April 13, is going to be a busy day on the Burton Heights subdivision, when some lucky boy and girl will return home with a beautiful new wrist watch. These watches are to be given as prizes for the winner in the gala day of the celebration of La Verne, La Verne race to be held at Burton Heights. The only rule for an entrant in the race to follow is that his or her parents must register at the track office before 2 o'clock Sunday afternoon.

A Studebaker Special Six is also going to some fortunate person, who must first purchase a lot in the tract before receiving his number. It is expected large crowds will motor out for the fun. This tract is located on the east side of Pennsylvania avenue, just below Michigan avenue.

La Crescenta club women who attended the banquet held at the Tuesday Afternoon club were: Mesdames Sluteman, M. S. Collins, F. Czernisky, H. Reynolds, R. Wildback and Mary B. Darrow.

Southern California

By Southland News Service

ALUMNI WILL BANQUET
PASADENA, April 12.—Alumni of Caltech will gather around the banquet board this evening at 6:30 o'clock in the "dugout" for a reunion of the old grads. Following the banquet Dr. Robert A. Millikan will deliver a short address.

TAKE OVER BUS LINE
COMPTON, April 12.—Pacific Electric railway has taken over the ownership of the bus line between Huntington Park and Long Beach from the Compton Transportation company. The busses will continue on the same schedule and fare.

BOOST HARBOR BONDS
LONG BEACH, April 12.—Headquarters of a campaign committee of 2,000 to work for the passage of the harbor bonds at the May election have been established here, where an educational center illustrating with pictures and models the future of the harbor will be created.

TOW LOGS SOUTH
SAN DIEGO, April 12.—The first of six huge log rafts that will be towed to San Diego this year will leave Astoria, Ore., about June 20. The other five rafts will leave the lower Columbia at intervals of about three weeks.

CHANCE FOR DAM BILL
EL CENTRO, April 12.—There is a fighting chance for the Boulder Canyon dam bill, according to Elmer W. Heald, American Legion representative, who has just returned from Washington.

BELIEVED INSANE
SAN DIEGO, April 12.—Charged with beating a dog to death with a hammer, J. W. Wall has been taken to the county hospital for mental observation.

FIND LIQUOR IN CAR
CALEXICO, April 12.—Rafael Moraga, 16, was arrested here and the car he was driving confiscated because there was a supply of Mexican liquor in it. Steve Moraga, the father, had deserted the boy and the car when he saw the officers approaching.

Thousands of ancient manuscripts which could not be read are now made legible by the use of a new detector invented by a German.

Opportunity Offered To Wage Earners To Reduce Living Cost To Minimum

Low priced lots with small payments down and the balance on easy terms are offered at Schuler Square by the Schuler Investment company, owners and subdividers, 228 Olive avenue, Burbank.

Schuler Square is located on San Fernando boulevard, between Burbank and San Fernando, in the Roscoe section, which means that it has fast transportation to Los Angeles and is in the heart of a most delightful neighborhood, where living conditions are ideal. The tract is bounded by San Fernando boulevard, Olinda avenue, Clybourn avenue and Penrose avenue.

Improvements In
Gas, water and lights are in and schools and stores are near, the subdividers state. Poultry, fruit and berries may be raised in abundance on the large lots, 50 by 125 feet, for \$350 to \$795. Here one may reduce living costs to the very minimum.

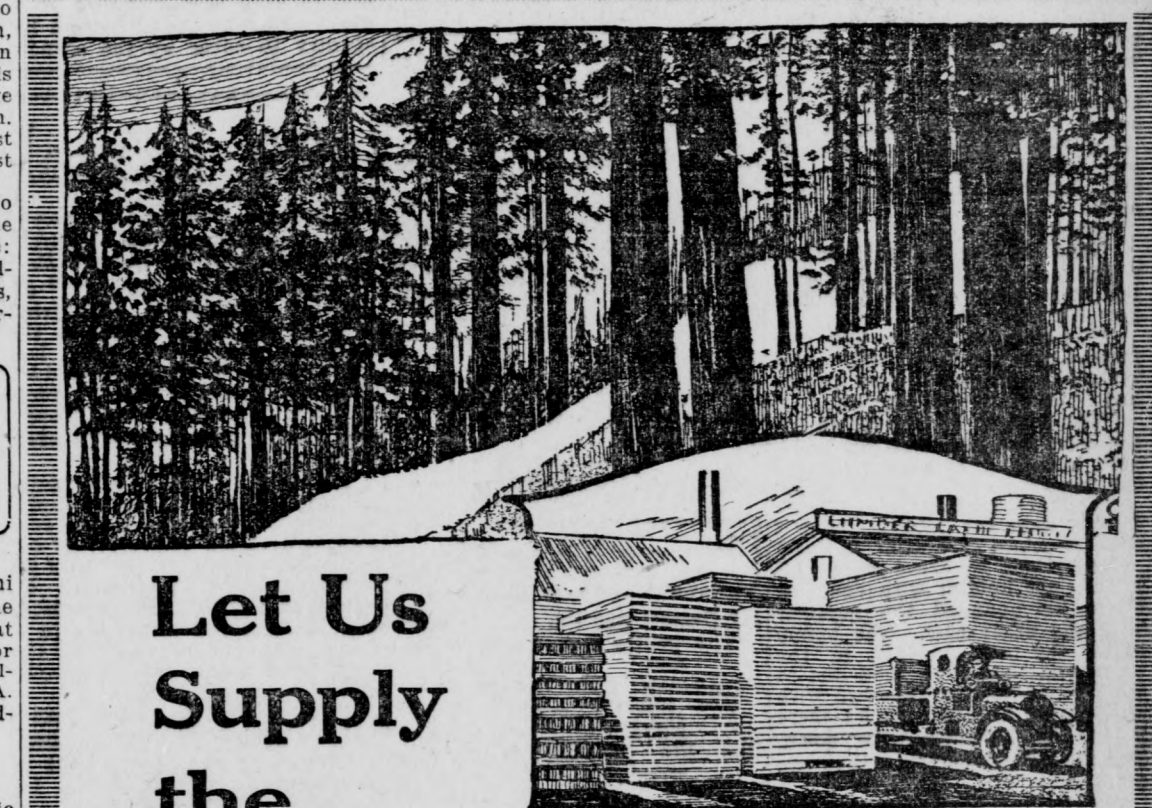

"An exceptional opportunity is offered to home and investment seekers alike at Schuler Square," say the owners. "Climate, soil and surroundings are all big assets. Here it is easy to reduce the cost of living right on your

Double Tragedy Ends Separation of Pair

CHICAGO, April 12.—Charles Tatten, thirty-five, a candy-maker, waited for his estranged wife at the foot of the stairs at the apartment where she lived and when she appeared, shot through the glass door and killed her, late yesterday. He walked a short distance away, then shot and killed himself. The man and his wife, Catherine, had been separated three months. The woman had been working as a waitress since the separation.

Coolidge Denies He Asked Case Reviewed

WASHINGTON, April 12.—The White House officially denied yesterday that President Coolidge had instructed Attorney-General Stone to review the indictment of Senator Burton K. Wheeler by a Montana grand jury. The case, it was said, is entirely in the hands of the Department of Justice.

Uncle Wiggily Bedtime Stories

By HOWARD R. GARIS

UNCLE WIGGILY MENDS HIS CRUTCH

"Well, we shall both be going, was looking for you, Uncle Wiggily," said Nurse Jane to Uncle Wiggily in the hollow stump bungalow soon after breakfast one morning.

"Both going out—what do you mean?" asked the bumpy uncle. "I am going to the moving pictures with Mrs. Twistytail, the lady pig," said Miss Fuzzy Wuzzy. "Of course, we are going window-shopping first, to look at new hats. But after that we are going to the movies. And I suppose you will be going out to look for an adventure, as you always do. Thus we shall both be going out."

"You may be going out, but I am not," said Mr. Longears. "Why, whatever is the matter?" cried Miss Fuzzy Wuzzy. "Aren't you well?"

"Oh, yes," laughed the bumpy, with a jolly little twinkle of his little pink nose. "But I am going to stay at home today to mend my crutch. You may go to the movies, however."

"Oh, is your lovely red, white and blue striped rheumatism crutch broken, the one I gnawed for you out of a corn stalk?" asked Nurse Jane.

"I am sorry to say it is," answered the bumpy. "I leaned on it too hard while jumping over a mud puddle the other day. Now I must mend my crutch."

"But do you know how?" asked Nurse Jane. "Had you not better send it to Grandpa Whackum, the beaver gentleman carpenter?"

"Oh, no, I can fix it," said the bumpy. "I will take a hammer, some nails and two sticks of wood. I will nail a piece of wood on either side of my crutch where it is broken. So shall I mend it."

"I wish you good luck," spoke Nurse Jane, as she tied a new pink ribbon on her tail so she would look stylish going to the movies.

"Thank you," said Uncle Wiggily.

When his muskrat lady housekeeper had left the bumpy got to work. He took out his hammer and nails, and began hammering on the crutch.

"Ouch! Oh, my paw! howled the Bear.

"Ouch! Ouch! Oh, my paw!" howled the Bear. "You hit me instead of the nail. Oh, what an accident, Uncle Wiggily!"

"It wasn't an accident at all! I did it on purpose!" cried the bumpy. And while the Bear was dancing around on one leg, his eyes filled with tears because of the pain of his pounded paw, the bumpy took his crutch and, running like a flash, he unlocked the door.

Then the Bear couldn't get him and when Nurse Jane came home she helped hold nails to mend the crutch and Mr. Longears didn't hit her paw with the hammer, so all was well.

And if the apple pie doesn't roll out of the oven before it's baked and chase the chocolate cake up in the attic, I'll tell you next about Uncle Wiggily and the woodpeckers.

Poems That Live

My Damon was the first to wake
The gentle flame that cannot die;
My Damon is the last to take
The faithful bosom's softest sigh;
The life between is nothing worth,
O cast it from thy thought away!
Think of the day that gave it birth,
And this its sweet returning day.
Buried be all that has been done,
Or say that naught be done amiss;
For who the dangerous path can shun
In such bewildering world as this?
But love can every fault forgive,
Or with a tender look reprove;
And now let naught in memory live
But that we meet, and that we love.

Recognition After Death

This is a picture of "JOHN ORTH," or ARCHDUKE JOHANN SALVATORE, and ROBERT FLAVIN. Recognition came to the archduke as he lay dead in a New York morgue. The boy is the son of the man for whom the archduke worked. The picture was taken in 1908, the last taken of the archduke.

Recognition comes to "John Orth" as he lies dead in a New York morgue awaiting decision of officials as to disposition of his body. Exiled, hunted and haunted for years, Orth stood emphatically to a few confidants in the United States that he was the long missing Archduke Johann Salvatore of Austria, who was said to have been lost in a shipwreck after being exiled from his country to cover up the scandal growing out of the death of Crown Prince Rudolf and a woman companion in a royal shooting box at Meyerling. The photo above is believed to be the best and last one taken of him in the U. S. It was made while he was working in Painesville, Ohio, in 1908. The boy on his lap is Robert Flavin, son of the man for whom Orth worked then and in whom he confided his secret. Robert is now 19.

At Local Theatres

THE GLENDALE

"The Breathless Moment," an unusual attraction, featuring William Desmond, shows at the Glendale Theatre for the last time today, a Universal picture of many thrills, teaching reform in the most popular way, through the medium of an intensely interesting story.

Desmond, in this play, is really an Americanized Arsene Lupin, master thief, presenting a role new to even his varied career before the camera. He portrays an audacious thief who preys on people of wealth, much as a modern Robin Hood might do in a dress suit, until he takes over the management of a country grocery store.

In addition, five acts of standard coast-to-coast Bertie Levey vaudeville are on the boards at the Glendale theatre today, including singing, novelty and dancing numbers.

Total capital invested in chewing gum industries is \$30,000,000, it is estimated.

10 Years Ago

From Evening News Files

Alexander Salzer, recently appointed manager of Verdugo park, announces the formal opening of the park to the public, Saturday afternoon, April 11.

For Sale, a bargain, \$100 under price; lot at 1603 Dryden street, 50 by 145, three blocks from car line, two from graded school, a very desirable location, price only \$550, cash or negotiable paper.

A fourth of a year's building permits now make about as great a showing as did a whole year's permits in 1907.

THE GATEWAY

"The Fighting Coward," Paramount picture, made from "Magnolia," by Booth Tarkington, and directed by James Cruze, who made "The Covered Wagon," is the feature at the Gateway theatre for the last times today.

Ernest Torrence, Mary Astor, Noah Beery, Phyllis Haver and Cullen Landis are featured in the principal roles.

Cullen Landis plays Tom Rufford, who returns to his home after years spent with a step-uncle in Philadelphia. He knows nothing of the dueling code prevalent in the southern states, and is ordered from the house in disgrace when he refuses to fight a duel with Major Patterson for the girl he loves.

Seven years find Tom once more back at his folks' place. It is his moment for revenge.

To remove grease spots from rugs, cover spot with blotting paper, then press with a hot flatiron. Cover with magnesia and let it remain for 24 hours.

Dinner Stories

Some ruralites were talking of the strange sights to be seen in a great city, and one paid tribute to New York, says Everybody's.

"I don't believe any of you could think of any combination of circumstances that hasn't at some time occurred there," said Si Wilson.

"What's that?" asked the other curiously.

"I guess," said Si slowly, "that you've never seen nor never will see a brass band that's goin' in one direction and the heft of the folks goin' in the other."

Daily News Letter

General News and Gossip from Staff Writers at Home and Abroad

By GEORGE D. TYSON,
For International News Service.

ATLANTA, Ga., April 11.—The trail of mother love that may lead around the world was blazed through Atlanta the other day when Mrs. W. C. Shropshire, of Lexington, Ky., passed through here in search of her 18-year-old son.

The boy mysteriously disappeared from his home in Lexington several months ago. He was happy and apparently contented one day, Mrs. Shropshire said, and the next he was gone, leaving no trace of how or where he went.

Shortly afterward the mother started out alone on her pilgrimage. She has made a tour of practically the entire country, she said, stopping in all of the large cities, but has found no trace of her son, whom she is confident of finding even though she may have to search the world over.

Education placed its stamp of approval on the giant Stone Mountain memorial project the other day when the alumni of Princeton University subscribed a "Founders' Roll" of \$1,000 to the massive undertaking. Practically all of the members attending the annual Princeton alumni convention visited Stone Mountain during their stay in Atlanta.

All of them, according to Hollins N. Randolph, president of Stone Mountain Memorial Association, were high in their praise of the undertaking and promised their co-operation and support. The thousand-dollar subscription was unanimously decided upon on the second day of the convention. Their subscription was made in memory of the Princeton men who gave their lives for the cause of the Confederacy, and the Princeton tablet in Memorial Hall will be so inscribed.

One of the strangest fratricides in the history of Georgia was brought to a climax at Douglas,

near here, a few days ago when John Alton Rogers and his sister-in-law Mrs. Eugenia Rogers, were sentenced to life imprisonment for the slaying of Love Rogers, their brother and husband, respectively.

The crime was committed more than a year ago. It remained hidden from the world for about a year, during which Love Rogers lay buried in a cornfield over which his brother and his wife worked without apparent knowledge of the secret of the cornfield.

When a crop had been planted, worked and made, John Rogers took the widow of his brother, who was believed by neighbors to be the family, and moved to a Florida city, where life went on as usual.

Finally, however, the skeleton was panned up by succeeding tillers of the cornfield. The secret was revealed. Alton Rogers and the wife of the slain man were arrested.

When the case first was called the other day, Alton Rogers fainted in the courtroom, delaying the trial. On the succeeding day the two entered a plea of guilty. Rogers said he slew his brother to protect his sister-in-law. The trial was brief. They were each given a life term in prison.

Mayor Walter Simms paid a tribute to dumb animals the other day in his veto of a resolution authorizing the Park Department to have killed two aged zebras and an old mule, the property of the department. The carcasses, according to the resolution, were to be fed the lions and other younger animals in the Grant Park Zoo.

"It is not right to kill these animals just because they are old and to feed them to younger animals of the zoo," the Mayor said briefly as he vetoed the resolution.

Timely Views

The desire of the executives to have a financial man at the head of the New York Central railroad lines is to have prompted officials of that road to select Albert Hall Harris, vice president, to succeed

ALBERT HARRIS

As vice president, Harris is a corporate relations, to succeed the late J. P. Morgan, who was killed recently in a fall from his horse. Ira Place, senior vice president, and Patrick E. Crowley, vice president in charge of operations, were mentioned for the vacancy. Place, however, is nearly seventy years of age.

As vice president in charge of corporate relations, Harris is a familiar figure in the New York Central road and the several lines included in the general system.

Harris, who was born in Rochester, N. Y., sixty-two years ago, is a lawyer by profession and has been in the service of the New York Central since the early '90's. In addition to being vice president of the New York Central and Hudson River Railroad company, the parent company, he has been vice president of the Michigan Central, the Cleveland, Cincinnati and St. Louis, the Pittsburgh and Lake Erie, the Toledo and Ohio Central, the Kanawha and Michigan, the Central Northern, the Peoria and Eastern and lesser Central properties.

He is also a director of the Guaranty Trust Company, the Reading Company, the Imports Development Company, and a trustee of the University of Rochester, of which he is an alumnus. His principal clubs are the University and the Metropolitan of New York and the Metropolitan of Washington.

CENSORSHIP OF THE STAGE

DISCUSSED FROM TWO ANGLES

"The menace of indecency in the theatre is not as great as indecency on the screen because the capacity of the theatres is comparatively limited and the capacity of the purses of those who

would attend the theatres is limited especially at the present prices," John S. Sumner, secretary of the New York Society for the Suppression of Vice said in a recent address.

"Still, the stage is in need of some improvement. The theatrical gentlemen say that nothing is wrong. They remind me of the ostrich which sticks its head into the sand and can not see what is going on. The stage is headed for censorship if those in control do not get censorship they will probably have some form of licensing system which would produce the desired result. I am in favor of a censorship of the movies, and I am in favor of a censorship of books and the theatre as a last resort. Censorship means a pre-emptive review."

Replying to Mr. Sumner, Walter Prichard Eaton, critic and author, said:

"The theatre is not degenerating and indecent. It is stimulating and worth while. If anybody says it isn't he is the kind of a person who never goes to anything but 'Artists and Models.' The case against censorship may be stated briefly. All progress in the world is the result of experiment and speculation. It results in challenging existing institutions and ideas and in submitting different institutions and ideas. In the creation of new ideas and institutions, the writer, artist and playwright plays an important part. The entire history of censorship shows that it always ends by defending existing ideas and institutions and putting the lid on anything new. Censorship is always a foe to progress. I can say that never has there been a time in the last 20 years when there have been as many stimulating, worth-while plays in New York as there are today."

More babies are killed from swallowing safety-pins than there are victims of dangerous weapons, says a prominent physician.

Varying vibrations produced by artificial earthquakes help in prospecting for ore, according to results of experiments in Europe.

Rays of the newest searchlight are visible at a distance of 127 miles, the beam being estimated at 500,000,000 candlepower.

Diet and Health

By LULU HUNT PETERS, M.D.
Author of Diet and Health, with Key to the Calories

ANSWERS TO CORRESPONDENTS

"Lulu, Dear:—Excuse familiar physical examination. The habit of taking of baking soda is not to be recommended.

"I'll whisper to you. Though it's to be on the quiet, I'm following Doctor Lu on a very strict diet; I'm going to stick it, though it sounds like a whim. But I'll be a willing martyr To see myself slim.—A. P."

To see yourself slim! What a glorious sight—Stick to it, A. P. It's worth a good fight. And what is more, you'll lose with your fat, diabetes, gout, rheumatism, or I'll eat my hat!

Mother—We have a list of books we recommend on feeding babies and children, also articles on rickets, colic and thumb-sucking.

Mrs. D.—You say that you have had an ugly looking sore tongue for several months, that you have false teeth, and that you have consulted your doctor, but he takes very little notice of it and says for you not think of it. I suggest that you ring up your county medical society immediately and ask them to recommend another physician to you. A sore on the tongue, or any other part of the body, of several months' duration is something to receive attention for fear of cancer development. It is probable that your false teeth have caused the sore, but at any rate it needs immediate attention.

B. C.—I would advise you to see an ear, nose and throat specialist for your catarrh. The fact that you have such an excessive amount of mucus with a bad odor would indicate that perhaps cavities in the bones around the face, connected with the nose, are affected, or there might be a polypus or some other malformation. You would probably have to have treatment which could only be given by a specialist.

We all know that a balanced diet containing plenty of fruits and vegetables and milk (for their vitamins and mineral salts) and complete protein in the milk) will help keep the mucous membranes and all of the other tissues of the body in good condition. However, the fact that you have had that type of diet shows that the correct diet alone is not sufficient in your case. On further reading of your letter, I see that you are troubled with gas pains and you want to know if the habitual taking of bicarbonate of soda is harmful.

Gas pains might indicate that something is wrong with your diet somewhere along the line. It may be that your diet is not as correct as you think it is, or you may have some organic trouble. You certainly need a thorough

Oppose Isle's Acquisition

MRS. GARDNER FETTER, left, and MRS. HARRY POWELL WHEELER, with the petition they presented to President Coolidge in opposition to the acquisition by Cuba from the United States of the Isle of Pines, a most picturesque spot in the West Indies.

Residents of the Isle of the Pines, a picturesque spot in the West Indies, a majority of whom, it is claimed, are American citizens, are fighting the proposed transfer of the Isle to the rule of Cuba. Mrs. Gardner Fetter and

Heart and Home

By MRS. ELIZABETH THOMPSON

HE HAS ALIEN IDEAS

Dear Mrs. Thompson: My husband is of foreign birth and seems to think that women cannot have their own rights. I am of the good old United States. He has his friends for whom I do not care and I have mine for whom he does not care. He objects to my going to see my friends alone and says I must have him along with me. I believe in doing as I please, but he says a woman can't have her own way and do as she pleases when she marries. I am for women's rights. Is not a mother entitled to take a day off and go to visit a dear friend? Please give me your opinion.

WANDA.

A woman who wants to do as she pleases, regardless of her husband's wishes, and who insists on women's rights and forgets the rights of men, should not have been married. Marriage demands a compromise on the part of both. Since your husband wants to accompany you when you go to see your friends, I think you ought to consider his feelings and let him. On the other hand he ought to consider you enough to want you to go away for the day occasionally and enjoy yourself with a friend. Perhaps if you show more respect for your husband's wishes and talk less about your rights, he will be less insistent regarding his. Take your days off because you deserve them, but do not argue about the matter.

WORRIED ABOUT LOVE

Dear Mrs. Thompson: I am very much worried over a love affair that means very much to me. I am really crazy about a boy who I believe likes me, but at times he is indifferent. Some people tell me that this is just his nature, but I am not sure.

Should I be indifferent or should I try to make him overcome his indifference? I am very much concerned over this and hope that you will help me. Is it best to be indifferent to win a boy's affection?

S. O. S.

The boy is probably moody; at times he is much more agreeable than he is at other times. Try not to notice his indifference one way or another. Only too often a girl tries harder than ever to please a boy when he is moody and she never succeeds in making him more agreeable. It always pays to be pleasant. Do not run after a boy in any way, but, on the other hand, do not carry indifference too far. Often when a girl is afraid of showing that she likes a certain boy she even fails to be polite to him.

HELEN R.—A girl should rise when an older woman or a person of distinction enters the room.

When I can see now that I made my mistake, but I have tried to put up with his ways. He wants to live with his parents. In fact, that has been the only home I have ever had. He has one sister I can't agree with, and she doesn't like me either, so I have all the pleasures of a single life. He was a very poor child.

A DOWNCAST WIFE

Dear Mrs. Thompson:—I was married when I was 24. My life before was fairly happy. Since it has been nothing but trouble. My husband is one of those men who is afraid to work. He wants to begin at the top instead of starting at the bottom. I can see now that I made my mistake, but I have tried to put up with his ways. He wants to live with his parents. In fact, that has been the only home I have ever had. He has one sister I can't agree with, and she doesn't like me either, so I have all the pleasures of a single life. He was a very poor child.

HOW MUCH OF YOUR TALE OF WOES

How much of your tale of woes is woe, and how much self-justification? Apparently it is a record of things you have catalogued and repeated to yourself many times when thinking of the one you "love who means everything to you." Of course you are entitled to a home of your own and one for your child and the love of a good husband who will take care of you both away from his people and yours. But marrying a man whom you simply "like" is not the way to get these things. You must have known that at your age when you married. But neither will the breaking of family ties and blood relationships such as exist between your husband and his child get these things for you, promising as the outlook may be to you now.

WORRIED: You have spoiled your husband.

Doubtless he married you because you seemed the sort of woman who could help him out of his financial difficulties. Do not give him any more money or sacrifice yourself in order to make a home for his people. Since you need medical attention, put your money to that use instead of his debts which he contracted before his marriage to you.

Beauty Chats

By EDNA KENT FORBES

PIMPLES

If you have any tendency toward blackheads and pimples make yourself little bags stuffed with the following antiseptic cleansing mixture. Take three cupfuls of old-fashioned oatmeal, add three teaspoonfuls of powdered sulphur, one teaspoonful of powdered benzoin, and a half a cupful of shaved castile soap. Cut pieces of cheesecloth about four inches square, and in the center of each put a tablespoonful of this mixture, tie up with string. Wash the face twice a day with very warm water, using one of these bags each time instead of other soap or facecloth, and throw the bag away when you have finished.

If you want to remove blackheads there are special instruments that come for the purpose which any drug store will sell you. They should be dipped in antiseptic before and after each blackhead is removed. You must be even more careful in the case of pimples, for pimples are already collections of impure matter which, if allowed to spread over the surface of the skin, may easily infect other pores and form other pimples.

When the pimple comes to a head wipe over the skin with witch hazel or peroxide or alcohol, dip your needle in one of these three solutions, prick the yellow point of the pimple and press out a bit of absorbent cotton. When you are through wipe over the skin again with any one of these three antiseptics. In fact, if a bit of cotton saturated with any of these is kept over the place for ten minutes or so, it will dry up to spots that much sooner.

Do not laugh at these germ theories. You know the danger of infection if dirt gets into an open wound. A pimple with an

open top is an open wound that is already infected, although a minute one. It must be made as clean and antiseptic as possible. A tablespoonful of pure glycerine to a pint of water makes a satisfactory solution to use to wash the face with. It is slightly antiseptic.

L. F.—As you are more than 60 pounds overweight, the best way for you to reduce your bust is to reduce all over. This is best done through the diet. Eating less of all foods that cause fat, such as starchy, sweet, and oily foods.

W. C. W.—You can purchase a pure powder, or one without any lead in it, if you ask for a plain rice powder. Any tint to it should not be considered an adulteration. There are plenty of other powders that are just as good as one from rice, but these may not be so easily obtained.

Ethel C.—A. E. C.—Catharine C.—Bobby B.—Use hot, wet cloths over the blackheads to open the pores, after which massage either an oil or cleansing cream into them. This will soften the impact, when a thorough cleansing may be effected by scrubbing with complexion brush and warm water and castile soap. Close pores by dashing very cold water over the skin, or by an ice rub. Blackheads take frequent treatments before they are entirely cleared from the skin.

All inquiries addressed to Miss Forbes, in care of the "Beauty Chats" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So, if a personal or quicker reply is desired, the stamped and self-addressed envelope must be enclosed with the question.—The Editor.

Women of Today

By MRS. LILIAN CAMPBELL

Young people who have to struggle hard to get their business training often feel that life has been unfairly dealt to them. Very often, however, the experience they receive in the jobs they take to pay their expenses while attending school, gives them just what they need to make a success of their business lives.

A. R. CHINCHOLL

Miss Ann R. Chincholl took a position with a Topeka, Kansas, publishing house to pay her way through business college. That was eight years ago. She was retained by the company when her course was completed and has just been made treasurer of the company which is capitalized at \$300,000.

Edna Forbes, the author, disagrees with another prominent writer, Fannie Hurst, on the subject of the treatment of a husband. Miss Hurst and her husband, J. S. Danielson, maintain

that a woman should not be able to face the difficulties which confront you. The remarks his mother made about you were most unrefined and beneath your notice. Naturally they hurt, but they were not worth arguing about and stirring up inharmonious. Do not argue that you are as good as his people; prove yourself to be a superior and above wrangling.

LITTLE JANE: You are several years too young to go with boys. The boy may think he loves you now, but it doesn't mean anything. Before you and he are of a marriageable age doubtless you will tire of each other. Think of him as a friend and not a sweetheart. It is a great mistake to let him kiss you and talk of love. It is all right for a girl to invite a boy to a Leap Year party. But the fact that it is Leap Year does not make it good taste for her to seek 'ates."

Mrs. H. M.: I cannot undertake to supply beauty recipes.

From Book Of Life

Henry David Thoreau "never found the companion that was so companionable as solitude," but it was not because he was without appreciation of friendship.

"No word is oftener on the lips of men than Friendship, and indeed no thought is more familiar to their aspirations," he wrote. "All men are dreaming of it, and its drama, which is always tragedy, is enacted daily. It is the secret of the universe. You may tread the town, you may wander the country, and none shall ever speak of it, yet thought is everywhere busy about it, and the idea of what is possible in this respect affects our behavior toward all new men and women and a great many old ones."

"We are continually acting a part in a most interesting drama," he wrote. "We are dreaming that our Friends are our Friends, and that we are our Friends' Friends. Our actual friends are but distant relations of those to whom we are pledged. We never exchange more than three words with a Friend in our lives on that level to which our feelings and thoughts almost habitually rise. One goes forth prepared to say, 'Sweet Friends! on his path and give promptly when a cough or cold is detected. Equally as effective for older persons No opiates.

Glendale Pharmacy, 638 East Broadway; Hub Pharmacy, Glendale and Colorado; Acacia Pharmacy, 922 South Glendale Avenue. Advertisement.

"What is commonly honored with the name of Friendship is no very profound or powerful instinct. Men do not, after all, love their Friends greatly. I do not often see the farmers made seers and wise to the verge of insanity by their Friendship for one another. They are not often transfused and translated by love in each other's presence. I do not observe them purified, refined, and elevated by the love of man. If one abates a little the price of his wood, or gives a neighbor his vote at town-meeting, or a barrel of apples, or lends

him his wagon frequently, it is esteemed a rare instance of Friendship. Nor do farmers' wives lead lives consecrated to Friendship. I do not see the pair of farmer friends of either sex prepared to stand against the world. They are only two or three couples in history."

"To say that man is your Friend means commonly no more than this, that he is not your enemy."

"Most contemplate only what would be the accidental and trifling advantages of Friendship, as that the Friend can assist, in time of need, by his substance, or his influence, or his counsel; but the who foresees such advantages in this relation proves himself blind to its real advantage or indeed wholly inexperienced in relation itself. Such services are particular and menial, compared with the perpetual and all-embracing service which it is.

"Even the utmost good-will and harmony and practical kindness are not sufficient for Friendship, for Friendship does not live in harmony merely, but in melody. We do not wish for Friends to feed and clothe our bodies—neighbors to do the like office to our spirits. For this few are rich enough, however disposed they may be.

"Think of the importance of Friendship in the education of men. It will make a man honest; it will make him a hero; it will make him a saint. It is the state of just dealing with the just; the magnanimous with the magnanimous; the sincere with the sincere, man with man."

HAD GOOD REASON

A man strolling alongside a canal observed an old negro and a colored boy fishing. A moment later, a splash was heard. The boy had fallen into the water. The old negro, however, jumped in after the lad and succeeded in getting him safely to the bank. There he stood the victim on his head to let the water drain out, and it was at this moment that the gentleman arrived on the scene with profuse expressions of admiration for the prompt rescue.

"It was noble of you," the gentleman declared, rather rhetorically, "to plunge into the water in that way at the risk of your life to save the boy. I congratulate you on your brave display of heroic magnanimity."

The old colored man answered with an amiable grin:

"All right, boss. Ah doan know nuffin 'bout magnim'ity. But Ah jess had to git dat boy out de water. He had de bait in his pocket."

PICKS YANKS TO COP A.L. PENNANT, INDIANS SECOND

Sport Expert Predicts How Teams Will Finish in Race For Honors

By DAVIS J. WALSH.
By International News Service.
NEW YORK, April 12.—No one, within the memory of mortal man, not even the gentleman who spends his time removing from his hair vagrant strands of cotton, has ever selected a world's champion ball club to finish worse than first, the next time, and the writer can do no less. The New York Yankees, even with three consecutive pennants and a world's title behind them, should, and probably will, center to the wire in the American league race this season.

We might hope it one way and hunch it another, thus arriving at the conclusion that the Yankees will be over-confident leaving the field open for a sensational rush to the front by some outsider. But fact is ever preferable over fiction, and the fact of the matter is that the New York Yankees are distinctly the class.

Have Everything They Need For Pitching. They have the hitting, they have everything. In brief, a foster-father couldn't look better to an orphan.

It is possible that Everett Scott, our slightly spavined shortstop, may not stand up through the season, but the chances are he will. If not the Yankees might find the going none too smooth, even with their own pitching.

If any club is to beat them, it is the Cleveland Indians, with their punch, speed and improved pitching. Speaker has revamped his posse champions of 1920 now commendable dispatch, and has a white man's chin to boot. The pennant. This should have another great year; Coveleskie is said to have come back, and several young pitchers about due. Also the hitting of Burns and Stephenson, now a regular, is certain to win many games. Watch the Indians.

Detroit for Third. The Tigers have impressive hitting, as always, and their pitching has become increasingly effective with every season Cobb has had the club. But he has sprung a leak at second base and it is our belief that Del Pratt is not the man to stop it. Young Rigney at shortstop is also said to be in a bad way with his weakness around the all-important keystone sector.

Anything may happen in the case of the Athletics, a young club that does not know its strength or weakness. The pitching should be good for the first year since 1914 and should undoubtedly be added a punch to the outfit by the addition of Simmons and Strand, yet it is not a championship club and only a fluke will make it one. The Athletics need more strength in the infield, more pep and hustle.

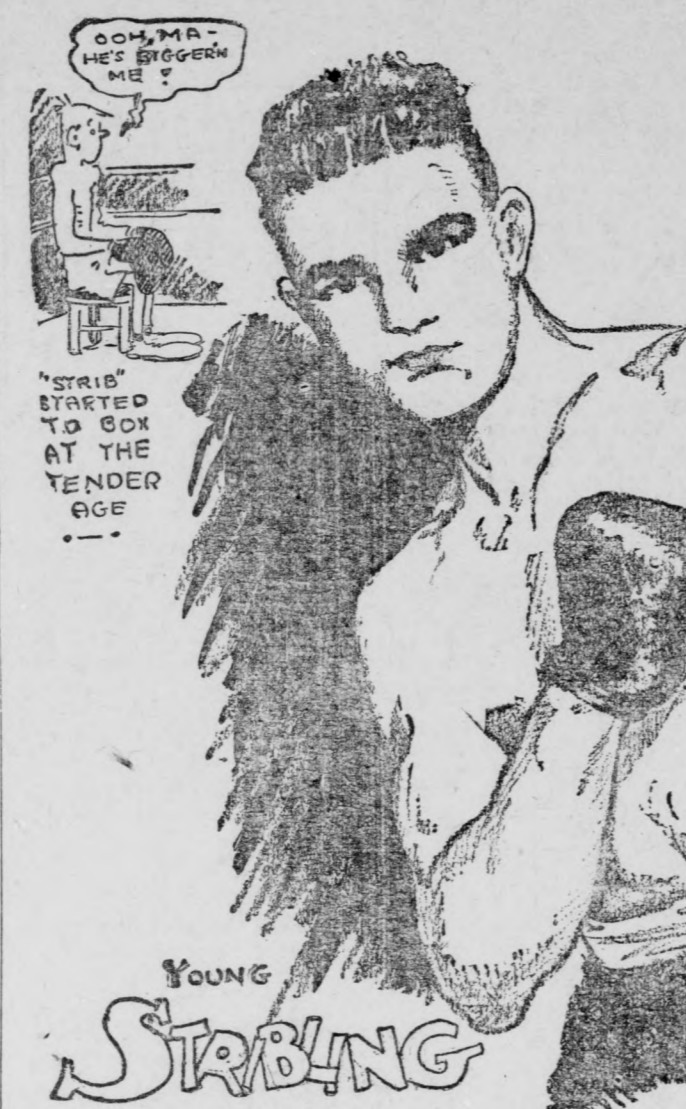

Much of Browns' success depends on the ability of Sisler to return to his 1922 speed and the development of a few pitchers to help Schoer. Otherwise the club is fool-proof. We cannot say the same for the White Sox. They are short of pitching, hitting and outfield defense. The team has been weakened offensively and defensively by the introduction of young outfielders, but the general speed of the club has been increased. The punch is not there, however.

Oldham Thinks Career As Hurler About Over. "I've been pitching baseball since I was 16 years of age, and I am above 30 now," Oldham said. "Staying away from the game one full year at my age would mean the end of my usefulness to the Coast League this season I might as well give up trying," he added, with a shrug.

Chance in Chicago, to Build Up White Sox. CHICAGO, April 12.—Declaring he has confidence he will be able to build a real ball club from the material on hand, Frank Chance, new manager of the Chicago American League club and former leader of the world's champion club in this city, arrived here from California.

Chance went directly from the train to Mercy hospital for a conference with C. A. Comiskey, owner of the White Sox, regarding plans for the team. It was said Chance will be given freer rein in his management of the team than has been the lot of former leaders of the club.

A Contender For The Light Heavyweight Crown

MUSIC WITH TWO GAMES ON SUNDAY

Bargain Matinee Offered As Sox Play Buicks, K. C. Meet Long Beach.

A double-header, with music from a jazz orchestra thrown in, is offered by Frank Kerwin to local fans tomorrow at his ball plant on San Fernando road. The double-header is not a new idea, but the music is, and he intends to try the scheme out thoroughly to see if it will boost the attendance.

In the opening game the Long Beach and Glendale entries in the K. C. league will meet, and in the main event the Sox will tackle Dad Thielman's Buick Autos.

The Glendale Casays have not lost a game in the new league, and are out to keep their slate clean, although Long Beach plays a much better brand of ball than that put up by Manchester Heights and Alhambra. So far in the league they have not been forced to extend themselves to win, and just what they can do under pressure is problematical.

Samide to Catch. The Sox laid off last Sunday, following the Saturday tussle with Wade Kilgus's Seattle Indians. Frank Kerwin giving the park over to the Scot lacrosse players. He will have Thornton do the heavy and Samide the receiving. Otherwise the team will be practically the same as the one that has been playing in Sox uniform.

Stradley will be back at his old place at second. As a first baseman Carl makes a fine base runner. Dad Thielman's charges have won twenty-three out of their last twenty-five starts. The Buick pilot has turned out some of the best semi-pro players in Southern California and always has a good team on the field. This probably will be the last independent game of the season, as Kerwin hopes to have the new summer league started a week from Sunday. The first game will be called at noon and the second at 2:30 o'clock.

Glendale Elks Defeat Redondo Crew Bowling. After losing the first game, the local Elks' bowling team staged a comeback on the Recreation alleys last night and managed to win the next two of the match. The Redondo Elks' crew was 242 in the first game, which was followed by a 223 in the final game.

The Russell-Pierce Furniture company five won two out of three from the Harris & Hull combination in a City League fixture. Harrison 153, 172, 184, 193, 203. Russell 123, 133, 143, 153, 163. Pierce 103, 113, 123, 133, 143.

GLENDALE ELKS. Players: 242, 153, 172, 184, 193, 203. Total: 991. 946 961. REDONDO ELKS. Players: 153, 172, 184, 193, 203. Total: 923. 905 998.

HARRIS & HULL. Players: 153, 172, 184, 193, 203. Total: 923. 905 998. RUSSELL-PIERCE FURNITURE. Players: 123, 133, 143, 153, 163. Total: 727. 745 879 2361.

CHANCE IN CHICAGO. Players: 103, 113, 123, 133, 143. Total: 516. 516 516. CHANCE IN CHICAGO. Players: 103, 113, 123, 133, 143. Total: 516. 516 516.

WILLS READY TO TAKE ON DEMPSEY

Has Signed Contract with Rickard to Box Champ Next September

By DAVIS J. WALSH.
For International News Service.
NEW YORK, April 12.—"The signature of Harry Wills is already on a contract with Rickard to meet Jack Dempsey in September. It is now up to Kearns and the champion. They have never been anxious to do business with Wills, but I do not see how they can side-step this one."

Paddy Mullins, manager of Wills, made this statement in reply to the announcement that Dempsey and Wills may conduct their business there with his full approval.

The announcement was taken among boxing men to mean that the so-called color line does not exist within his domain and that Dempsey and Wills may conduct their business there with his full approval.

Tex Rickard wants to sign him up to meet McGigue in a return match and also Greb, Tunney and Wilson, but the New York boxing promoter has 15-round bouts while a boxer is under the voting age.

Stribling started as a bantamweight and has participated in about ninety fights, in which he has won most of the decisions. McGigue and Rosenberg, however, are about the only two big time men he has met. The manner in which he handled them shows that the kid is there.

LOS ANGELES, April 12.—Betty Becker, of Atlantic City, will appear in Pasadena April 26, when the national diving championship will be run off under the auspices of the Pasadena Athletic and Country Club.

According to the outlook, Southern California has a good chance of copying the entry lists in this section. Five events complete the program offered in the Pasadena meet.

Golf Tournament to Draw Many Followers. LOS ANGELES, April 12.—Entries for the annual Ojai tennis tournament are pouring in thick and fast, according to officials in charge of the yearly event, and one of the largest entry lists in the history of the tournament is expected before the final date for signing up is here. Tuesday, April 15, is the dead line, and the tournament will start at the little town on April 24 and continue until April 26.

Fight over St. Louis ball park continues to rage. Browns say Cards can't play on their cellar. Cards are all dressed up and no place to go. If they can't play, they'll have no place to hang it.

Mrs. Constance Haigh, dean of British women golfers, is the oldest golfer in the world with 95 years of health to her credit. Moore 168, 180, 159, 507. Stewart 178, 164, 157, 499. Total: 746 845 728 2319.

INDIANS SUCCEEDED IN TAKING GAME FROM ANGELS, 9-5

Sexton and Williams See Killifer's Crew Grab Fourth Contest

After three days of earnest endeavor, Wade Killifer's Indians managed to trim the Angels yesterday. Score, 9 to 5.

The victory was all the sweeter for the Seattle pilot due to the fact that Mike Sexton, Landis of the minors, and Harry Williams, president of the Coast loop, were on hand to witness the struggle.

Bill Plummer toiled for the winners and bested Tom Hughes and Walters in a game marked by long hitting. Hughes was wild, and when he put the ball anywhere near the plate the Indians smacked it all over the lot. Walters was little better.

Wally Hood again poked one over the score board in the second inning with one on, and pushed a triple to the fence in the fourth. Hughes only lost one inning, being sent to the showers in the second, but before Walters could steady down the Indians had the game on ice.

President Patrick announced after the game that the Angels had secured the services of Welner, southpaw of the Phillies, who will play here under option of recall if he shows up well. Arnold Crandall, who hurled for the White Sox last winter, will probably be turned loose or sent to some minor league for more seasoning.

SEATTLE. ABH O A E. Lane, cf., 4 0 3 0. Crady, 2b., 2 2 3 0. Crane, ss., 2 2 3 0. Eldred, rf., 2 2 1 0. Rohman, lf., 2 2 1 0. Jacob, 3b., 2 2 1 0. Plummer, p., 4 1 1 0. Osborne, rf., 1 0 0 0.

Totals. 35 12 27 15. Whaled batted for Walters in 9th. Seattle 9, Angels 5. Hits—Seattle 12, Angels 10. Runs—Seattle 9, Angels 5. Errors—Seattle 1, Angels 2.

Glendale scored in the opening frame, assisted by a timely error on the part of one of Wine's teammates. Captain Grant of Donald McIntosh's crew, evened it up with a homer in the last half of the inning.

From then on it was all Covina although Glendale managed a score five runs in the last two innings when Garner, who had relieved Wine, could not locate the plate.

Dotson, working for Glendale, with Breezy Elliott behind the bat, pitched fairly good ball at times, but the Covina sluggers found his offerings when hits meant runs.

Covina Union, 5; Alhambra, 9. The hitting of Shorty House was the big factor in Alhambra's 9 to 5 "win over" us Union at Alhambra. House accounted for three hits and a similar number of runs. Third Baseman Porter of Alhambra broke his right arm in jumping after a hard drive, but managed to retain his hold on the ball.

Rain at South Pasadena. The Monrovia-South Pasadena High school baseball game in the Central league yesterday afternoon was called off on account of rain. The game will probably be played the first Tuesday after the spring vacation.

Oxy Ball Team Opens Conference Season. The Occidental varsity baseball team opened the ten-game conference series this afternoon when the Tigers played host to Whittier College. The Tigers are looked upon as the dark horse in the conference this year. Handicapped with the lack of letter men, the team members have been working hard. The game is on Patterson Field.

Reports from southern orange groves indicate umpires are gradually rounding into shape. Their spring training consists in leaning against barbed wire fence and dodging pot bottles thrown by eager pickaninnies.

Oaks 0, Bees 10. SALT LAKE, April 12.—Singleton let the Oaks down with three hits yesterday, shutting them out 10 to 0. The Bees found Harry Krause for thirteen hits.

SPEED KING ASKS FOR ROUGH TRACK

Haugdahl Figures De Palma to Lose Traction on Bumpy Course

"Give me a rough track," is the request Sig Haugdahl is making of the Ascot speedway management, while preparing his new Miller 183-cubic-inch car for the championship match race against Ralph DePalma on Sunday afternoon. Contrary to the usual plea of racing drivers who seem never to get a track sufficiently smooth to please them, Haugdahl wants the course to be not only rough but to have a few holes in each turn. The rougher the course the better it will please the Norwegian.

The secret of this peculiar situation is that Haugdahl regards DePalma's little 122-inch Miller much as a heavy-hitting boxer would look on the "glass" jaw of a competitor. DePalma, it is understood, must keep his little car wide open the entire distance of a race at Ascot. A skid or a bounce causes him to lose traction, with a resultant shut-off of power, which, no matter how soon it is applied again, means the loss of speed.

Haugdahl's car has 20 per cent more power than DePalma's chariot with no more weight. Consequently, the pick-up is much more pronounced when the Norwegian gives "the gas" to his motor than is the case with the Italian's mount.

Course Looks Rough. Without wishing to favor one driver or the other, Track Superintendent Cheney declared last night the indications are that Haugdahl will get his wish in the matter of a rough course. The unfavorable weather, insofar as track fixing is concerned, which has prevailed since Sunday, has deterred the conditioning force from effective work. Four full days are required each week to put the track back in shape after a day's racing.

Although DePalma is apparently unperturbed over the conditions which prevail, members of the Italian colony are listening with attentive ears to the tales of Haugdahl's chances of winning the big race Sunday. Gobs of money for wagering on DePalma which were in sight a couple of days ago cannot now be found by those who would risk a friendly bet on the Norwegian. There is a rumor prevalent that DePalma himself has asked the Italians not to go too strong on his chances of winning.

It is now too late, however, for DePalma to change his motor to equal the power of Haugdahl's power plant. Both drivers protested against President George Bentel permitting Leon Duray to race into Sunday, saying so the Frenchman will have to be content with participating in the Ascot Helmet dash and a couple of the other events on the program Sunday. Gene Walker, motor-bike star, denied last night that he is leaving for the east within two weeks to avoid meeting Girardelli, the Italian star two-wheeler, who is coming here for an April date at Ascot.

Census of opinion is that with aid of Walter Johnson's twin brother and thirty-eight miracles, Washington will win. If seven other clubs are involved in railroad wreck, Red Sox should win this year.

Eighteen-year-old Senorita Alvarez of Spain is held Suzanne Lenglen's principal tennis opponent this year.

Portland 3, Seals 5. The champion Seals made it four straight from Portland yesterday, winning 5 to 3. The score was tied at 3 all in the eighth, when Winter, pitching for the visitor, got in hot water and tossed away the ball game.

PORTLAND. ABH O A E. Benton, ss., 4 0 2 0. Miller, lf., 3 1 2 0. Cox, cf., 4 2 3 0. Wetzel, rf., 2 1 1 0. Kenworthy 2b., 4 2 2 0. Distel, 3b., 3 1 3 0. Daly, c., 3 1 3 0. Winters, p., 3 0 1 3. Querry, 1b., 1 0 0 0. McCann, 1b., 1 0 0 0.

Totals. 32 7 24 11. McCann batted for Querry in 9th. Wanner batted for Agnew in 8th. Portland 5, Seals 3. Hits—Portland 10, Seals 7. Runs—Portland 5, Seals 3. Errors—Portland 1, Seals 2.

SIG FAVORITE AS FAST TIME MADE

Haugdahl Reels Off Mile in Practice at Speed Below Record

By covering an electrically timed lap over Ascot speedway in 29.25 seconds, Sig Haugdahl, Norwegian speed king, broke the tie of the 30-second Ascot record held jointly by Ralph DePalma and himself, thereby stampeding the Italian colony backers of the intrepid DePalma. "Hug" is now the popular favorite for the big match race next Sunday.

Haugdahl's sensational performance came as a climax of a full hour's practice work, during which he alternated between driving fast laps and making carburetor adjustments. Signaling Timer-chief E. H. Pendleton that he intended making a super-lap, Haugdahl shot his 183-inch Miller into the lower turn and, skidding sideways, went through the steeply-banked "death curve" without shutting off.

Only once, when his foot was jolted off the throttle, and then for an instant only, did the motor miss a single bark. A large crowd of practice fans cheered the European pilot as he pulled into the pits after hanging up a mark for Ascot which has been pronounced impossible of achievement until after the track is surfaced and freed from ruts and bumps.

"I do not believe that DePalma, with his present car, could have covered the lap at Ascot today in less than 31 seconds," said Haugdahl to Referee Charlie Keppen. "If it will only let the course remain as it is I will simply romp home a winner in the big race Sunday. But even if the track is rolled to billiard-table smoothness I will beat the Italian."

"I am backed into a corner and simply must drive my head off to humble DePalma. I have passed the word to all friends that I will triumph when we meet. I will now put my new Miller car away and confine my training efforts to a few laps each day between now and Sunday, using my reserve car."

Among the crowd witnessing Haugdahl's great drive were many close friends and advisers of DePalma's. No matter what may now be his opinion of the wisdom of his decision to stick to the 122-inch car, Ralph cannot change to a larger motor. The Italian is now exerting his efforts toward having Ascot track conditioned so that he will have as near an even break as is possible.

Officials of Sunday's meet, Referee Charlie Keppen announced that four umpires, Harvey Goodwin, Edgar Bales, Eddie Lingenfelder and Teddy Tetzlaff, had been appointed to observe, from positions on the turns, the entire race. Motion pictures will also be taken of the race so that any infractions of the rules of the course may be checked in the event of a controversy or protest.

Leon Duray, French daredevil, is still waiting loudly over being barred from the race. "Both of them are afraid of my game," commented the big fellow.

Rademacher, a Bavarian, holds the world's 100-meter swim record, time 1 minute 15 seconds. Chilean heavyweight would battle Firpo now. That's good.

Rosa B. Anderson, Manager

Hold Victim in Jail As Material Witness

LOS ANGELES, April 12.—Within twenty-four hours after the capture of Mrs. Marie Burton, wanted for an assault with a deadly weapon in a lovers' quarrel at Victorville, her "victim" Tom F. Doyle, a railroad fireman, was placed under arrest and held as a material witness at the request of Sheriff Shay of San Bernardino. Mrs. Burton is keeping the bullet as a souvenir of her love affair, it is said, and Doyle protests his desire not to prosecute.

Slaughter-houses were first established in Great Britain at Edinburgh in 1851.

Shot at Party, Keeps Silent About Affair

ANAHEIM, April 12.—Earl Farwell, holding his own in the Anaheim Sanitarium against the effects of a bullet mysteriously fired at him as he left a party at the home of M. Nixon. Jay shortly after midnight Tuesday, is proving an enigma to investigators of the shooting. He still refuses to discuss the shooting in any way. Mrs. Farwell, wife of the injured man, also refuses to discuss the situation. Farwell and his wife have been separated for about three months, according to her statement to police. Despite that fact, she was a guest at the party Nixon attended, at the conclusion of which he was shot.

Although the revolver, which is said to have fired the shot was found at the scene, police so far have been unable to determine if Farwell fired the shot in an attempt to end his own life or if he was wounded by someone else. Unless Farwell can be persuaded to tell what he knows of the affair, police stated today that it was likely the case would remain a perpetual mystery.

Longest prolonged lawsuit in Italy lasted 560 years.

CHURCHES

Many of the church services in Glendale tomorrow are in observance of Palm Sunday and in anticipation of Holy Week. It will be noted that many of the churches were also holding special services throughout the week.

Full information on the services will be found below:

Central Christian
Church at Colorado and Louise streets. Rev. Clifford Cole, pastor; Floyd Mercer, director of religious education; H. S. Larkin, choir director. Church school 9:30 o'clock, with the following departments: Cradle roll, beginners, primary, junior, intermediate, high school, young people, and adult, graded instruction. A live men's class invites all men who have no other church school engagement for this year; morning worship 10:30 o'clock; sermon by pastor, "Who are the Wise?" young people's meetings 6:30 o'clock, theme, "Why Decisions and What They Have Meant to Me;" evening service 7:30 o'clock, sermon by pastor, "Some Things Every Man Will Have to Do."

First Baptist
Church at corner of Wilson avenue and Louise street; Rev. Ernest E. Ford, pastor; Rev. Charles H. Tilden, associate pastor; H. W. Carver, musical director; Roy L. Kent, superintendent of Sunday school. Sunday school 9:30 o'clock; morning worship 11 o'clock, sermon by the pastor; "Growing Salvation," three sections of B. Y. P. U. 6:30 o'clock; evening service 7:30 o'clock, sermon theme, "God's Adversative, But."

First Lutheran
Church at 233 South Kenwood street. Dr. H. C. Funk, pastor. Sunday school 10 o'clock; confirmation class with the pastor; morning worship 11 o'clock, sermon by Dr. Funk, "The Glory of the Cross;" Luther League night program 7:30 o'clock, led by Alfred K. Bowman. Holy Week services: Wednesday and Good Friday at 7:30 o'clock. At the morning service J. H. Niebank will sing "The Palms."

Christian Science
Church at corner of Maryland and California avenues. Sunday service at 11 and 8 o'clock; subject, "Are Sin, Disease and Death Real?" Testimonial service on Wednesday night at 8 o'clock. Reading room, Ralphs building, open daily, except Sundays and holidays, 12 until 5 o'clock; Tuesday, Thursday and Saturday, 7 until 9 o'clock.

Central Avenue M. E.
Church at South Central and Palmer avenues. Rev. Leo C. Kline, pastor; Dr. Joseph Marple, musical director; Mrs. Casper Tuttle, pianist; D. C. Bear, superintendent; Mrs. Elsie Moore, chorister; L. Baker, president of Epworth League. Sunday school 9:30 o'clock; morning worship 11 o'clock, sermon by the pastor, "The Meaning of the Creed. Why Do We Methodists Repeat the Apostle's Creed?" Epworth League 6:30 o'clock, Roy Torney leader; evening service 7:30 o'clock, sermon by pastor, "Which Side of the Fence?" Special music at all services.

Zion Evangelical Lutheran
(Missouri Synod)
Church at corner of North Isabel street and East California avenue; Rev. Henry C. Kringle, pastor; Miss Mildred Fischer, organist. Sunday school and Bible class 9 a. m.; morning worship 10 o'clock. Sermon by Rev. Kringle, "Jesus of Nazareth Judged and Condemned," gospel lesson Matthew 21:1 to 9 "Christ's Entry Into Jerusalem"; epistle lesson from Philippians 2, 5 to 11, "Exhortation to Humility"; confirmation class meets twice during week.

Casa Verdugo M. E.
Church at corner of West Fairview and North Central avenues. Rev. J. C. Livingston, pastor. Sunday school 9:45 o'clock, O. M. Newby, superintendent; Epworth League 6:30 o'clock, Miss E. Maud Soper, president; morning worship 11 o'clock, sermon by Rev. Livingston, "The Impenitent City"; evening service 7:30 o'clock, sermon by the pastor, "The Victorious Life."

First M. E.
Church at corner of Wilson avenue and Kenwood street. Dr. Henry I. Rasmus, Sr., pastor; Rev. Henry I. Rasmus, Jr., associate pastor. Sunday school (graded) 9:30 o'clock, Prof. A. W. Towner, superintendent; Miss Isabelle Isgrig, musical director; Mrs. T. W. Randall, organist. Morning worship 11 o'clock, sermon by Dr. W. L. R. Davis, district superintendent of Pasadena; young people meet at usual hour; evening service 7:30 o'clock, sermon by Dr. Rasmus, "Bribery, The Greatest Case in History."

St. Mark's Episcopal
Church at corner of Harvard and Louise streets. Rev. Philip K. Kemp, rector. Sunday services: Holy Communion 7:30 a. m.; church school 9:30 a. m.; morning prayer and sermon 11 o'clock; evening prayer at 7:30 p. m.

Holy Family Catholic
Church at corner of Elk and Louise streets. Rev. Michael Galvin, parish priest; Rev. Patrick Veasey and Rev. Lynch, assistants. Masses at 6:15, 7:15, 8:15, and children's mass at 9:15 in the morning, followed by Sunday school, in charge of the sisters from the Hollywood Academy. High mass at 11 o'clock in the morning and evening devotions at 7:30 o'clock. Masses on week days at 7 and 8 o'clock in the morning. Lenten devotions at 7:30 o'clock Wednesday and Friday nights.

Gospel Tabernacle
(Christian and Missionary.)
Church at corner of Louise and Chestnut streets. Rev. C. H. Chrisman, pastor. Sunday school 9:30 o'clock; morning service 11 o'clock, sermon by Mr. Chrisman.

Tropico Presbyterian
"The Gateway Church," located at 1500 South Central avenue. Dr. James F. Winnard, pastor; Harold Shafer, assistant pastor; C. J. Burham, superintendent of the church. Sunday school: Sunday school 9:45 o'clock; morning worship 11 o'clock, sermon by Mr. Shafer, "God's Mercy to Saint and Sinner"; young people's meeting at the usual hour; evening service 7:30 o'clock, sermon by Mr. Shafer, "Zacheus."

Latter Day Saints
(Church of Jesus Christ)
Services in K. of P. hall at corner of South Brand boulevard and Park avenue. Sunday services: priesthood meeting 9 o'clock; Sunday school 10:30 o'clock; sacrament meeting 7:30 o'clock; mutual improvement every first and third Monday and second and fourth Thursday at 7:30 o'clock; religious society every Thursday at 8 o'clock.

Pacific Avenue M. E.
Church at the corner of Harvard street and Pacific avenue. Rev. H. C. Mullen, pastor. Sunday school 9:45 o'clock; morning worship 11 o'clock, sermon by Rev. Mullen, "Make Jesus King"; Epworth League 6:30 o'clock; evangelistic service 7:30 o'clock, sermon by pastor, "Life's Supreme Choice"; special services every night except Saturday, during Passion Week with music and sermon.

New Thought Center
Meets Sunday morning at 10 and 11 o'clock in the lecture hall at the Tuesday afternoon clubhouse, corner of North Central avenue and West Lexington drive. Sunday school at 10 o'clock, conducted by Mrs. Golleite; Larger Circle class conducted by Mr. Hughes; lecture at 11 o'clock conducted by Mr. Hughes.

Occult Scientists
Meet at 113 South Orange street. Rev. and Mrs. Arthur Moore in charge. Sunday night 7:30 o'clock, healing service, sermon by Mrs. Mabel Moore, "Proving Our Faith" preceded by a healing service, in which all present receive a treatment; later psychometry readings will be given by Rev. Moore, Mrs. Moore and others.

Truth Center
Meets in Hahn auditorium at 109 North Brand boulevard, 7:30 p. m.; special music and song service; at 8 p. m., Rev. Ella L. Hickman speaks.

Broadway Methodist Church
Church at Broadway and Cedar. Rev. L. J. Millikan, pastor; J. N. McGillis, superintendent. Sunday school 9:30 o'clock; morning worship 11 o'clock, sermon by pastor, "The Triumphal Entry;" young people meet at the usual hour; evening service 7 o'clock, sermon by pastor "A Gospel of Impartiality."

Atwater Park Baptist

**UNIQUE STICKERS
IN CAMPAIGN USE**
Imitate Automobile Plates
With Coolidge's Name
in Large Type

SAN FRANCISCO, April 12.—Coolidge headquarters in this city today was credited with what is popularly considered one of the most striking and original advertising novelties of the presidential campaign. In imitation of an automobile name plate, the Coolidge workers have had printed thousands of automobile windshield stickers reading in small letters down the left side "Cal-24," followed by the word "Coolidge" in type corresponding to the numbers on the name plate.

Announcement of the advertising novelty brought calls at headquarters for many thousands and they will be widely distributed over the state. The Coolidge boosters are taking the position that even those automobiles that do not carry the sticker nevertheless on their license plates carry a constant advertisement of Calvin Coolidge for president in the state designation of "Cal-24," and they declare consequently that "every name plate carries a prediction of Coolidge carrying this state this year."

**New Concerns Filing
Incorporation Papers**
LOS ANGELES, April 12.—Articles of incorporation were filed here yesterday by the California Radio Finance Corporation of Long Beach with a capitalization of \$375,000. Directors are H. K. Smith, Albert C. Potter, R. M. Woods and Charles R. Kiehm. With a capitalization of \$250,000 articles of incorporation of the Foundation Bond and Mortgage Company of Pomona were also filed. Directors are W. H. Prying, Joseph Crail, A. H. Harlow, J. M. Pickling.

**Husband Planning on
Skipping Out, Charge**
LOS ANGELES, April 12.—Jack E. Shields is tempting to sell his half-interest in the Packard and Trucking company at Long Beach for \$50,000, less than half its worth, Grace Shields declared in a petition for an injunction to prevent the sale filed here. She recently started an action for divorce. She complains he intends to leave the country if the sale is consummated, thereby "defrauding" her out of her interest in the property.

**Fresno Supervisors
Stand Pat on Ruling**
FRESNO, April 12.—Despite the state ruling that the postponing of the opening of the fishing season in Fresno county is unconstitutional, the Fresno county board of supervisors say that they will abide by their first ruling to postpone the opening for a month. All offenders will be prosecuted. The ruling was made because of fear of foot and mouth disease spreading to this section.
